Dear Friends Upon the Lighted Way of Esoteric Advent,

Greetings to one and all. This letter comes to you as a reminder that we are entering the spiritual tide of the 7-Day process of the Gemini Full Moon and Group Ritual Approach to Divinity. Day One begins on Saturday in the northern hemisphere and Sunday in the southern.

> To participate, simply go to www.EsotericAdvent.org, click on 7 Day Full Moon Approaches, and then *2018 Gemini*. No RSVP registration is required to participate in the monthly Full Moon rituals unless you wish to let us know anyway :) - always a pleasure to receive your little notes (EsotericAdvent1@gmail.com).

For those who participated in Esoteric Pentecost, it has been less than a week after completing a week-long immersion, deepening our spiritual contacts and approach in the 'Trinity of Hierarchical Festivals' from Aries to Taurus to Gemini. With Pentecost still so close with its energetic impact of "the universal dissemination of the Christ Consciousness throughout all time in the heart of every human being", these energies have combined with the Taurus and Aries full moons to now merge with and release through the Gemini Festival of the Christ and Humanity now upon us. One can sense the wave of Christ energy continuing to "grow" and "glow" as a palpable Presence in our lives, experienced by many as an increasing ascent in vibrational Reality.

Let us work with the Soul Star Group in heart and mind through which the spiritual Hierarchy and The Christ will work as our intention is for the raising and redemption of Humanity through Loving intelligence and manifesting the Plan of God.

Our work together succeeds when we sincerely and consciously work as a group. For Hierarchy to *choose* us, we must *choose* Hierarchy thereby creating the bridge of ascent and descent. Yet, as serious as this work is, let us remember that like Pentecost, considered a Feast, we can 'feast' on these energies, working in Joy and Splendor with the Spiritual Hierarchy. We are learning to stand and participate in the filled-full radiance and sweeping movement of the One Life carried by *The Christ Coming Forth*.

May Love, Joy and Holy Will be our daily Companions, and may "Blessings and Love Abound",

Halina and Sheldon
