

ARIES SOLAR FULL MOON RITUAL: DAY SEVEN

MEDITATION ◊ CONTEMPLATION ◊ DIAMOND SOUL PRACTICES

In Service of the Christ, Flowering the Soul of Humanity and Manifestation of the Plan

Angel of Aries

DAYS OF REGISTRATION AND DISTRIBUTION

Subtle expansions in consciousness during Full Moon times create changes in perception to 'see', 'sense' and experience new qualities, strengths and powers of the unfolding Soul. Subtle Aries energy continues to *distribute* as further gains in unfolding the "new Mind of Christ" are made. **Let us remember that the true "Mind of Christ" refers to the triune Soul nature of higher Mind, higher Love and higher Will.**

A SIMPLE OPENING RITUAL

We begin by entering Sacred Time – no past, no future, only NOW
As a Soul, we enter Sacred Space – Soul Space
Lighting Light – warming the heart, lighting the mind...
Sounding a bell tone ... Summoning the Angels ...
The sound of sacred music flowing through us ...
We move into the Soul Field where great Angels and Masters Walk

OM

OPENING ALIGNMENT MEDITATION

◇ Remembering “the Breath is the Life pouring through all the centers”, we step into the Peace and Presence of the Soul ... and the wider Soul field, sounding the sacred Word, OM.

With intensified “spiritual aspiration”, we reach higher into the Light of the Soul, breathing in atoms of higher vibration whilst silently sounding the Sacred WORD, OM ... flowing through the subtle bodies ... and environment, near, far and wide.

◇ Remembering “the Breath is the Life pouring through all the centers”, we stand in the *Glory and Beauty of the Cosmos* as the energy of Aries pours through “the Heart of the Sun” ... and Divine Mother Substance. Let us move into *That space ... the Great Breath Breathing us – giving of Itself ... It’s Life ... luminous Light ... and Universal Love pouring through the Heart of God ... to us through the Chalice of the Crown.* OM
“God is Love” ... is our planetary keynote.” (R&I, 726) OM

◇ We attune now and welcome the Solar Angel ... and Angel of Aries governing the 1st petal of the “Heart in the Crown Lotus”. Pause. We consciously deepen our attunement with the Soul for ‘energy adjustments’ ... opening to that which is needed from on High. OM

†

THE SOUL IS GROUP CONSCIOUS

◇ In the solar field of Aries, and consciously prepared field of the Soul Star Group, our Soul Light and Love “expands” ... magnifying the radiant living field of Lighted Love and unified Group vibration. In one movement, extend Soul Light – *One to All ... and All to One.* OM

◇ Now as One, we come into resonance with the greater “GROUP of Groups” (the Ashram of the Christ) that is the Spiritual Hierarchy in whose Center stands the **felt Presence of the Christ**. We extend our Love to Him and pause in the auric radiance of His holy Field ... absorbing emanating vibrations pouring forth.

◇ As a group, we now pause in *the Presence and power* of the synthetic energy Field of “the great Potency of the Inner Groups” ... calling to mind and linking with Groups we know.

Through these inclusive, unifying group alignments, with the inner eye of the Soul energy lines and waves of light can be seen linking all Soul Groups **vibrating in resonance** with the **Greater Group** of Groups. ◇ **Together as ONE, we sound the Great Invocation with the Christ Blessing Humanity and all the Earth.**

FINAL DAY OF DISTRIBUTION, REFLECTIONS, DIAMOND SOUL PRACTICES

GEMINI

ARIES

LIBRA

The wholeness of each full moon period is revealed in the union of its opposite sign. Gemini brings into relationship the opposite signs of the zodiac.

“...it is through Uranus that the great pair of opposites, Aries-Libra, are brought into touch with each other in a very deep sense.”

‘There is no point of crisis in Aries or Libra, “there is only the interlude of balance as a prelude to a more effective and sensitive progress upon the path.” “Before creation, silence and the stillness of a focused point.” This applies to both Aries and Libra—the one in a cosmic and creative sense and the other in an individual and progressive evolutionary sense.” (EA, 248)

THE FOUNDING OF THE HIERARCHY

“The various energies which play upon the human being and produce his unfoldment constitute his field of experience. Those two words—**unfoldment and experience**—should ever be linked, for **each produces the other**. As one is subjected to experience in the form world, a paralleling unfoldment of consciousness is carried forward. As that unfoldment produces constant changes in realization and a consequent constant reorientation to a new state of awareness, it necessarily leads to new experience—experience of fresh phenomena, of new states of being, and of dimensional conditions hitherto unknown. Hence the frequent reaction of the disciple to the fact that for him, as yet, there is no point of peace. Peace was the objective of the Atlantean aspirant. **Realization is that of the Aryan disciple**. He can never be static; he can never rest; he is constantly adjusting himself to new conditions; constantly learning to function therein, and then subsequently finding them pass away to give place, in their turn, to new. **This goes on until the consciousness is stabilized in the Self, in the One. Then the initiate knows himself to be the onlooking Unity watching the phenomenal phantasmagoria of life in form.**”

“**He passes from one sense of unity to a sense of duality, and from thence again into a higher unity**. First, the self identifies itself with the form aspect to such an extent that all duality disappears in the illusion that the self is the form. We have then the form apparently constituting all that there is. This is followed by the stage wherein the indwelling self begins to be **aware of Itself as well as of the form**, and **we talk then in terms of the higher and the lower self**; we speak of the self and its sheaths, and of the self and the not-self. This dualistic stage is that of the aspirant and of the disciple, up to the time of his training for the third initiation. He begins with a knowledge that **he is a spiritual entity confined in a form**. His consciousness for a long period of time remains predominantly that of the form. Gradually this changes—so gradually that **the aspirant learns the lesson of endurance** (even to the point of enduring the not-self!) until **there comes a life of balance** [*Libran influence*], **wherein neither preponderates**. This produces in the man a state of apparent negativity [*passivity*] and inertia which may last for one life or two, and he seems to accomplish little in either direction. This is, for workers, a valuable hint in their dealings with people. **Then the point of balance changes, and the soul appears to dominate** from the standpoint of influence, and **the entire consciousness aspect begins to shift into the higher of the two aspects**. Duality however, still persists, for the man is sometimes identified with his soul and sometimes with his form nature; this is the stage wherein so many most earnest disciples are at this time to be found. Little by little however **he becomes "absorbed" in the soul, and thus comes *en rapport* with all aspects of the soul in all forms until the day dawns when he realizes that there is nothing but soul and then the higher state of unity supervenes**.” (TWM, 374/5) ◇ REFLECT

DIAMOND SOUL REFLECTIONS

– “The various energies which play upon the human being and produce his unfoldment constitute his field of experience. Those two words—**unfoldment and experience**—should ever be linked, for each produces the other.”

- ◇ Review your life experiences in light of consciousness unfolding.
- ◇ Review your consciousness in light of your field of experiences.

– “He passes from one sense of unity to a sense of duality, and from thence again into a higher unity.”

- ◇ Review this process at work in your life. Sense where you are in this continuum.
- ◇ Are you firmly aware that you are **being absorbed by the Soul? ... and coming “en rapport with all aspects of the soul in all forms”**? ◇ Hold firm to the **realization that a day will dawn when “nothing but soul and the higher state of unity will supervene.”**

– “Peace was the objective of the Atlantean aspirant. **Realization is that of the Aryan disciple.** He can never be static; he can never rest; he is constantly adjusting himself to new conditions; constantly learning to function therein, and then subsequently finding them pass away to give place, in their turn, to new. **This goes on until the consciousness is stabilized in the Self, in the One. Then the initiate knows himself to be the onlooking Unity watching the phenomenal phantasmagoria of life in form.**”

- ◇ Are you an Atlantean aspirant or an Aryan disciple?
- ◇ Are you more identified with what is happening “to you”– or are you the Onlooker in Unity Consciousness seeing life events as phenomena passing by?
- ◇ Consider how the whole field of your life experiences are serving to stabilize your consciousness in “the One Self” and become more real to you.

Re-living difficult life event(s) from the reality of “the Self” will cause a chain reaction into the present, releasing bondage to the past and freedom to live unencumbered by them.

- ◇ To be free is to be stabilized in the Soul and **resurrected in the One Self – thereby released** from the dense pull of matter. – The Waters of Life thence flow freely.

Enter the One-Self often.

◇ *Recognize* how the Hierarchical perspective sheds light and understanding upon our “world problems” – and that “significant change” can appear in the world through inclusive Unity.

◇ *Recognize* the dynamic processes of Resurrection working in Humanity today – in every segment of society and seeded area of human living – for a new Earth and Humanity rising.

*As One Group Soul,
Let us attune with God’s Will, magnetic inclusive Love and lighted whole Mind;
Turning to face the world ~ to places of world need,
Let us extend “the Will-to-Creat” that which is the “Will-to-Good.”*
