*Together We Stand as the Soul Star Group –
118 Participating Souls – Radiant Lights*

∞

Soul Spheres of Holy Light, Holy Love, Holy Will

PLEASE NOTE:

This is a dynamic (changing and evolving) list of participating Souls in our annual rhythms, updated annually for Christmas Advent participation.

*If you **are participating** but your name does not appear on this list, it means you have not registered. Please fill out the RSVP/Register form on the Esoteric Advent website, or click here: <http://www.esotericadvent.org/rsvp/> We **want to include you** with your name and location as part of the Soul Star Group during these group rituals.*

*Note: registration is **not** required to participate in the 7-Day Full Moon process because we do not construct a list of Participating Souls to sound in love – we simply participate incognito. However, registration is required for the Esoteric Advent- Christmas Ritual. For the Easter ritual we simply use the names in the most recent Christmas Ritual.*

*If you want to participate in Christmas or Easter Advent but do not want your name openly displayed as above, fill out the RSVP with your name and location but add the word “Anonymous” – you will be listed as a “Participating Soul” with your location. Another option is to ask to have only initials listed or ask to include a “magical name” instead of your formal name. **We want to energetically include you.***

If there are spelling errors in your name or location, please write me (Halina) – all emails come directly to me: esotericadvent1@gmail.com. You may also write to this email to share your personal process or make a post on the Soul Conversations tab to share with the group.
