PISCES 7 Day SOLAR FULL MOON RITUAL OBSERVANCE

In Service of the Christ and the Great Ones Unfolding the Soul of Humanity

BRIDGE OF GLORY - Roerich

"It is indeed and in truth from glory to glory that we go." (EP-I, 314)

PISCES – THE LIGHT OF THE WORLD

The Light of the World. This is the light revealing the Light of Life itself. It forever ends the darkness of matter. (EA, 330)

∞

A SIMPLE RITUAL

We begin by entering sacred time – no past, no future, only NOW

We enter sacred space – Soul space

Lighting a candle – lighting the mind... sounding a bell tone ...

Summoning the Angels ...

Allowing music to flow through you, through us, opening the heart – the door to the Soul.

CREATIVE MEDITATION

I. "THE BREATH IS THE LIFE POURING THROUGH ALL THE CENTERS" and the SACRED WORD, OM

◇ We now come into the living (vibratory) **peaceful Presence of the Soul; through the conscious breath of Life pouring through all the Centers, sounding the SACRED WORD, OM.**

◇ *Consciously attune with* the Life energy of Pisces, streaming into our Solar System through the Heart of the Sun – "The Son of Divine Love" ... and the Mother of the World of Earth ... through Shambhala – "where the Will of God is Known", through the Christ and Spiritual Hierarchy – "where the Love of God is manifest", through Humanity where the Creative "Intelligence of God is producing the evolutionary process" ... to and through all the Kingdoms of nature. OM

Standing in this down-flow of these life and light energies, we breathe the "Breath of Life" pouring through the Crown Center and all the Centers irradiating, infusing and suffusing all the bodies of the lower vehicles (mental, astral and etheric/physical body respectively). OM

◇ With a conscious "Breath of Life pouring through all the Centers", **AUDIBLY** sound forth the Sacred Word, **OM, disturbing and loosening, dissolving and releasing atoms of lesser vibration.**

◇ Now with **conscious, intense spiritual Aspiration** (inwardly attuning *high*) – breathe in the "Breath of Life", **drawing in atoms of higher vibration, whilst SILENTLY** sounding the Sacred Word, **OM**, pouring through all the Centers. ◇ Sense new Life, new light, new love pouring in ... balancing ... enlivening ... healing.

◇ Take a moment to *realize* that every intentional, **conscious Breath of Life, aware of the sacred Word OM sounding**, is a deeper entry into the *True Soul (the Soul Self)* – making a truer and fuller contact with Reality, further awakening and expanding our *Awareness – our Consciousness*, parting the veils to *Its Ever-Presence* ... creating a wider bridge for True Soul contact, infusion and descent.

II. CONNECTING AND CO-OPERATING WITH THE ANGELS

◇ Remember the 'ever Presence' of the Solar Angel as we focus our attention on the Crown Center above the Head – the "**Twelve-petaled Heart in the Crown**" of the 1000-petaled Lotus.

◇ With conscious intention, come into resonance with the Angel(s) of the 12th Petal (Pisces) and the ever-Presence of the Solar Angel – calling Them into vibratory relationship with us. OM ◇ In the moments that follow, let us **breathe with the vital Presence** of the Angels as Their lighted Intelligence, loving Presence, and specialized Powers *touch* and work with us. **OM** ◇ On an out-breath, **SILENTLY** sound forth the Sacred Word, **OM**, as renewing Life energy pours through all the Centers ... irradiating the mental body, infusing the emotional body, and suffusing and enlivening the vital etheric body.

◇ Once again, as “the Breath of Life pours through all the Centers”, we follow with awareness the vital Life energy flowing from the Crown Center, pausing briefly in awareness of the Ajna ... Throat and Alta Major (top of spine), pausing at the Heart Center bringing it into relationship with the Heart in the Crown ... continuing to the base center – *each Center heightened with new Life*.

The energy flows naturally on its own ... a portion flowing out through the minor centers in the soles of the feet into the earth "Blessing the Earth upon which we walk".

◇ With the next in-breath of Life, SILENTLY sound the Sacred WORD, sensing energy rising lifting each Center re-ascending the central spinal column ... returning *Home* whence it came to the Crown, completing the divine circulatory flow. Pause.

Note: Force nothing, simply follow and allow. Some may experience the flow of energy as a great ovoid, a *torus* of dynamic circulating life – the true “perpetual fountain of youth” descending and ascending, flowing in all directions.

Here within our own Body is a great *real* and symbolic Truth of the Pilgrim’s journey – the Monad (Spirit) in extension, journeying forth from on High deep into matter for the purpose of “saving and redeeming” in the return journey home to the Father in the Crown.

◇ For a few moments now, “*Let us BE*” in the radiant flow of circulating energy – standing in this fountain of down-pouring and up-rising energies ... achieving that sense of constancy and continuity of filled-fullness ... receiving and giving.

◇ In timing that is right for you, we sound forth the sacred Word, **OM**, sealing in (confirming) the new vibration.

OM

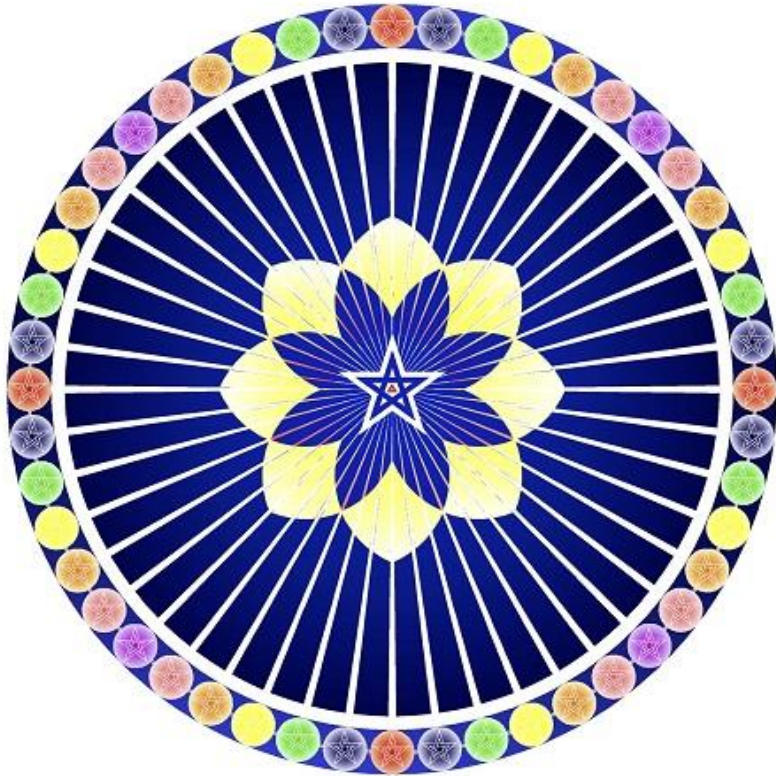

We continue the Meditation below with the Soul Star Group in Group Approach to Divinity

III. THE SOUL STAR GROUP – “THE SOUL IS GROUP CONSCIOUS”

We link with the Greater Groups in Unified “Group Approach to Divinity”

◇ In this enlivened, expanded state we widen our awareness to **see ourselves standing inside a large circle of Souls**, gathered and gathering with Participating Souls in the **“Soul Star Group”** – *purposed* to work in “Group Approach to Divinity” in resonance with the “Great Ones” – the spiritual Hierarchy and “The Christ”.

Let us see all Souls herein gathered as radiant spheres of living, lighted Love and Holy Will. (Pause)

◇ We **Sound the sacred Word, OM**, aware of one Soul Group vibration, **confirming** one radiant sphere of “Lighted Love and Holy Will” ... energized and infused by all our unified Soul Ray qualities, powers and Virtues ... in the “Light of Life Itself”.

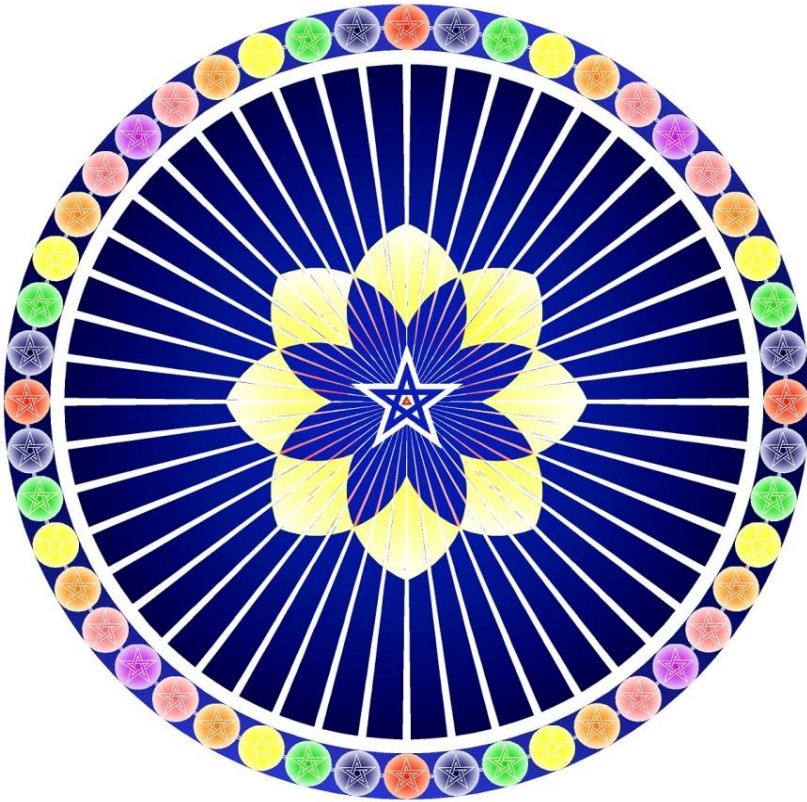

– Let us be aware of the growing realness of the One Group Soul – One Mind, One Heart, One Body.

◇ **Sound forth the sacred Word OM confirming the new group vibration.**

†

Continuing

IV. COMING INTO RESONANCE WITH THE CHRIST AND HIS ASHRAM (The Spiritual Hierarchy)

◇ We now *turn our face* to the five-pointed **Star**, symbol of **The Christ**, radiantly standing in the Center.

◇ Allowing our subtle senses to open ... intuit the field of expansive, all-inclusive Love, Purpose and Power *that is The Presence of the Great Ones – the Christ and His Disciples, and “the great potency of the inner Groups” – 49 Centers that are the Ashram of the Christ ... surrounding Him* as dynamically pulsing centers of Holy Light, Love, Will and Power.

◇ Remembering His Words: *‘When two or more are gathered in My Name, Wherever Thou Art, I Also.’*

Sounding a silent OM in the all-giving, magnanimous Heart Presence of the Christ and the Great Ones –

Knowing ourselves in relational resonance with Them, we live and serve.

In this great **“Heart of Love and Life”** emanating, infusing and magnifying His radiance streaming through all **“Participating Soul Groups”** committed to distributing Love and the outworking of the Plan of God – we stand.

**We see His Star shining forth from the great magnetic Center.
In This Light ... In This Love ... In His Life, we Stand (in the aura of the Christ).
“We with Him—He with Us”**

◇ As a Group, we pause now to receive the return flow of Loving Light and Will-to-Good Power.

Take time now to intuit, feel, sense into the Soul Star Group pulsing as *one living, beating Heart* in unified group vibration, filled with new Virtue of the planetary Christ vibration ... flowing through the **Soul Star Group ... and all Groups gathered in His Name.**

◇ One with 1000’s of radiant spheres of Group Lights, **we turn now to face the world – blessing the Earth, evoking the Soul of Humanity and all Soul-inspired projects and activities redeeming, uplifting and building the new World ... We now sound the Great Invocation (see next page).**

TOGETHER, we SOUND THE GREAT INVOCATION –

Standing in the Soul Star Group, let us visualize the Group receiving and giving as a “relaying channel” the energies of the Christ, extending His Love and Power to and through the Heart and Soul of Humanity ... thereby infusing and irradiating the World with renewing powers of Christ Love, Light and Holy Will.

THE GREAT INVOCATION

The Sacred Word, OM

Is sounded three times – Once each for Light, Love and Power

(Through dynamic visualization, alignment with the Group of Groups, and sounding forth the GI with conscious intention, the soul of Humanity is enlivened and evoked into fuller expression).

◇ Throughout this day, “come here often” – consciously entering *the aroma* of the magnanimous Soul Star Group infused with Piscean / Aquarian Christ energy ...

◇ We are affirmed in the Master’s words that in the “**joy of participation in the Masters' plans ... all is well** that associates you closely with Them.”

Continue below with the CONTEMPLATIONS, DIAMOND SOUL PRACTICES and STUDY FOR TODAY

(These can be continued throughout this month)

V. DAY THREE – DIAMOND SOUL CONTEMPLATIONS AND PRACTICES

PISCES – THE LIGHT OF THE WORLD. This is the light revealing the Light of Life itself. It forever ends the darkness of matter. (Esoteric Astrology, 330)

THE WORD OF THE SOUL: “I leave the Father’s Home and turning back, I save.”
(Esoteric Astrology, 654)

“Recognition of the successful work of the New Group of World Servers will be accorded by the Hierarchy, and **the testimony of recognition will be the appearing of a symbol in the aura of the group – of the entire group.** This will be a symbol projected by the Hierarchy, specifically by the Christ. What that symbol will be it is not for me to say. ... It is “**the mark of a Saviour**” and it will embody **the mark or indication ... of a new type of salvation or salvage.**”

CONTEMPLATE

Thousands of examples of successful work by world serving groups are recognizable today. Humanity, the world Disciple, is becoming a

world Savior as it cooperates with the Kingdom of Souls (Hierarchy). Think about such groups, and their members, as possibly carrying the mark or indication of the “new type” of salvation in their aura – projected onto them by the Christ.

Many are growing, evolving and serving in ‘lighted groups’. Good-will, a fundamental prerequisite, flows through their hearts. Right human relations and joy are surely their disciplines.

REFLECT – Would these be the pure alchemical “metals” corresponding with “the new type of salvation”? How would **we** recognize them? What other recognizable factors come to mind?

“Up till now the mark of the Saviour has been the Cross, and the quality of the salvation offered has been **freedom from** substance or the lure of matter and from its hold—a freedom only to be *achieved* at a great cost. **The future holds within its silence other modes of saving humanity. The cup of sorrow and the agony of the Cross are well-nigh finished. Joy and strength will take their place.** Instead of sorrow we shall have a **joy** which will work out in **happiness** and lead eventually to **bliss**. **We shall have a strength which will know naught but victory and will not recognize disaster.** ... "After weeping cometh joy, and that joy cometh in the morning." **Only the dawn is with us as yet—the dawn of the Aquarian Age. The full tide of light is inevitably moving upon its way towards us.**" *Rays & Initiations, 233/4*

REFLECT: Let us confirm our beliefs and vision with the true knowledge that *“The future holds within its silence other modes of saving humanity” – through joy and strength, happiness and bliss ... and a strength which knows “naught but victory and will not recognize disaster”.*

- ◇ Are there incidents in world events, or closer to home in your own life, that should be viewed from a lens of victory rather than failure or disaster?
- ◇ As you think about your life, or your work in the world today, does it still carry the mark of the cross, or the mark of the new mode of salvation? Look upon your life and/or your mode of service.
- ◇ Intentionally bring **this new mode into your life – confirm “joy and strength, happiness and bliss ... and strength that knows “naught but victory and will not recognize disaster”.**

Be creative. What do you want to change? Create a new movie. Replace the old frames and images with new ones.

What *essential* need or inquiry does it answer?

Instead of searching for a problem to be solved, use this new mode to guide and direct you.

◇ Does your life theme change or modify? What does it look, sound, feel and be like?

◇ Look for what would bring joy and thrival into expression – as a new way of living on Earth.

- ◇ Consider how ‘the new mode of saving humanity’ can be more firmly rooted in *your* consciousness, **and** in Humanity’s approach to the concerns we face in the world today.

THE DIVINE FEMININE PRINCIPLE IS WITH US

On a grander scale, the Divine Feminine Principle is recognized as a growing power in the consciousness of Humanity. She Is With Us. She can be seen as a new mode of working in the heart of Humanity. This is not gender specific because it is a principle.

Pisces and Virgo together are a Feminine “Saving Force” of enormous magnitude and growing power. The Mother of the World is an expression of the Feminine, the Mother principle. The entire Angelic Kingdom is a Feminine expression, whereas Humanity is a Masculine expression. Angels bring magical qualities and powers when working with Humanity. As Humanity gains

facility working with Angels, life will take on a magical quality. It is a *new mode* and way of living in the world, bringing new potency.

- ◇ Is the Angel Kingdom a conscious presence in your life? If not, will you make it so?
- ◇ How do you see or understand the Divine Feminine principle working as a new mode of salvation in the world today, and for humanity?
- ◇ Bring this new mode of saving humanity into your awareness – into your consciousness. Sense them as a “saving force” working through humanity.
- ◇ If inwardly directed to meditate on the “**symbol** of this new mode”, *See* what comes into your awareness. If a symbol does come to mind, see it etherically above your head, as a guiding light.
- ◇ In closing, let us meditatively affirm:

~ *“Joy cometh in the Morning”* ~

The tide of Joy is moving toward us, and Is with us, upon the lighted Way.

◇ ◇ ◇

Let us now Affirm: The Soul Star Group has invoked a new tide of Light that can give “joy and strength, happiness and bliss” to a suffering world. As we stand in “the strength that knows naught but victory” – we extend it now to the world, directing it where needed. This new Salvation will bring joy, strength, happiness and bliss into our lives.

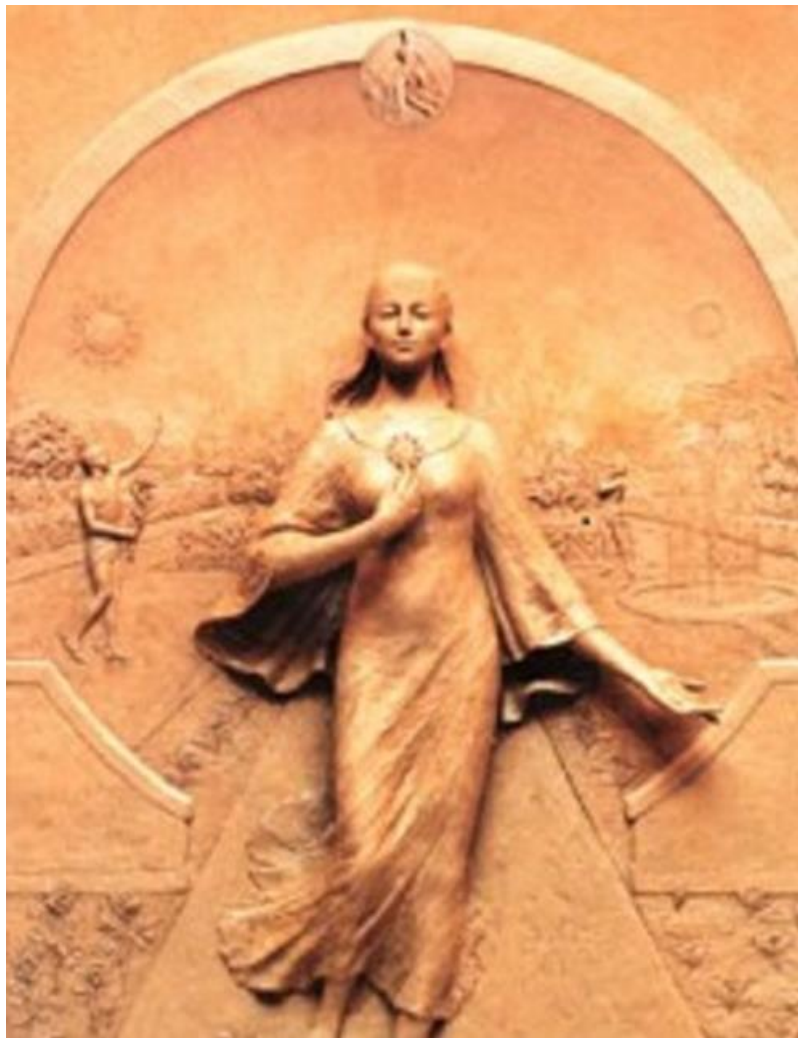

OM

Let us come back to this “tide of Light” several times today

As we sound the “Affirmation of the Disciple” or the GI,

Let us blend the energy invoked with the “new mode of Salvation”.

Marsilio Ficino
