

THE EVOLVING CHRIST IN THE THREE WORLDS

We are living in the world as *evolving* Christs through a purifying personality. Vulcan, esoteric ruler of Virgo, *is with us* forging the Christed Way ahead.

Throughout these days (weeks and months ahead) let us remember our purpose. We are nurturing the Christ Spirit to be enlivened and operating through us – through all three vehicles of the personality.

Let us now recall once again that “the Virgin Mother [*is*] providing that which is needed for the mental, emotional and physical expression of the hidden but ever present divinity [*of the evolving Christ nature within*].” (EA, 254) –

The Soul-Infusing Personality increasingly reveals in visible expression the *growing inner Christ* through:

- ~ Eve as purified mind, high thinking,
- ~ Isis as purified emotion, higher feeling reflecting pure Love,
- ~ Mary as purified form, goal-fit revealing the Christ nature *walking the planes of Earth*.

Observe how *Inner Divinity* is influencing our thinking and feeling states, is growing the potency of Love and Love in action in service of the Plan, and is opening Doors. The Observer is causative – the Observer grows that which it Observes.

REFLECT: If you have done this exercise in the past year, “take a look” – bring to mind example(s) of *Christ incarnate coming through you in fuller measure* ~

Articulate what has been revealed – call to mind, making it more real.

Where have you spoken truth to power or taken action out of Soul necessity? How have you persisted in the face of adversity, falsity or considerable obstruction? Who or what have you nurtured to flower? Consider how the Christ *is taking over* all three aspects of your personality (Eve, Isis, Mary) – through “high thinking”, and seeing clearly with no distortion; through Love entering the mind, fostering pure motives, high values and higher ideals that change a culture and become the norm; through high feeling that becomes a powerfully attractive force for pure Love, expressing as “love in action” for building a new world; through disciplined purity “rightly” forging a lighted Way ahead.

‘Sanctified living’ is descriptive of all these things as the *hidden becomes real and revealed*.

AFFIRM: My life is increasingly revealing That which is secretly growing – the Divinity within – in ever fuller measure and power.
