

AQUARIUS 7-DAY SOLAR FULL MOON RITUAL-2018

MEDITATION ◊ CONTEMPLATION ◊ DIAMOND SOUL PRACTICES

In Service of the Christ for the Full Flowering of the Soul of Humanity and the Plan

DAY SEVEN - THIRD and FINAL DAY OF REGISTRATION & DISTRIBUTION

Subtle expansions in consciousness during Full Moon times allow for changes in perception to 'see', 'sense' and experience new qualities, strengths and powers of the unfolding Soul. Subtle at first, as the energies continue to *distribute*, further gains are made as we give attention to "the new Mind of Christ". Let us remember that the true Mind of Christ refers to the triplicity of the Soul: higher Mind, higher Love and higher Will.

RITEUAL PREPARATION: Opening Alignment and Meditation

◊ With a conscious breath of Life, let us enter into the peaceful Presence of the Soul. As the Soul, sound forth the sacred **WORD, OM**, loosening and discarding atoms of lower vibration within our personality field ... and environment, far and wide.

Through intensified "spiritual aspiration", we reach high into the Light of the Soul. Sounding the Sacred **WORD, OM**, we draw in atoms of higher vibration to flow through the subtle bodies ... and environment, near, far and wide.

◊ **Remembering "the Breath is the Life pouring through all the centers"**, let us breathe *in* conscious *Breaths of Life* ... Attuned with the Great Chain of Being, the energies of Aquarius flow through "the Heart of the Sun–The Son of Divine Love" and the great Mother of the World ... the planetary transmitters ..., our Earth ..., Shamballa, Hierarchy and the Christ ... Standing in this great down-flow, let us be aware of the **Great Breath of Life breathing you ... of that Life flowing through all the Centers ... and returning Whence it came as a great fountain of living energy.** ◊ OM

◊ We attune now, by welcoming, the Solar Angel and Angels of Aquarius governing the 11th petal of the "Heart in the Head Lotus" of the Crown Center. Pause. Let us consciously deepen our attunement with the Angels, allowing them to stimulate and/or make any needed 'energy adjustments' to our subtle bodies (centers or vehicles), in cooperative interplay. ◊ Sounding a silent OM, allow gratitude (great-fullness) to flow to the Angel(s) for their work and cooperation with us.

WATERS OF LIFE ~ WATERS OF LOVE

"As Dispenser of the Water of Life, [Christ's] work is most mysterious and not at all easy to comprehend. In His public work, two thousand years ago, He said: **"I am come that they may have life and that they may have it more abundantly."** (John X.10.)

The Life Aspect— from the angle of the vision of Christ— expresses itself in three ways:

1. As physical life, nourishing the cells of the body. This life is found within each atom of substance as the central point of living light.
2. As livingness, seen as love and light within the heart. When this livingness is present and expressing itself, the human atom becomes a part of the spiritual Hierarchy.
3. As Life more abundantly. This life can be known as light, love and power **within and above the head of the disciple of the Christ**. This abundant life enables him to cooperate, not only with humanity and with the spiritual Hierarchy, but also with Shamballa itself—the centre of life in its purest essence.

If we say that life is the livingness which enables, the words are relatively meaningless, are they not? If, however, **the livingness is referred to the physical plane life, to the spiritual life of the disciple and to the living purpose of God**, then some faint concept may come of the wonder of the work undertaken by the Christ in the past, and foreseen by Him as His future responsibility. Christ can draw upon the energies which are defined by the phrase "life more abundantly," because they **will set loose** (in the Aquarian Age) in a new and dynamic manner the new energies needed in order to bring about restoration and resurrection. **This new energy is the "implementing force of universality"; it concerns the future.** This inflow of Aquarian energy is one of the factors which will enable the Christ to complete His task as world Saviour and world Teacher. It was to the definite performance of **His duties as Distributor, Nourisher and Dispenser** that He pledged Himself in June, 1945, and **entered upon His responsibilities as the Forerunner and the Teacher of the Aquarian Age.**" (Reappearance of the Christ (ROC), 84/6)

CONTEMPLATION: – Deeply Contemplate the above three points of the Life Aspect, from the angle of the vision of the Christ – in *your Life*.

1. As physical life, nourishing the cells of the body ...
2. As livingness, seen as love and light within the heart ...
3. As Life more abundantly ... known as light, love and power **within and above the head of the disciple of the Christ ...**

◇ Recognize the Life aspect expressing in these three ways as a cause (raison d'être) of our Essential Divinity, and, as the guarantor of our future continuity in the great Chain of Being...with Christ – *the Aquarian Christ – leading the Way* as the great Teacher of Angels and Humanity. ◇ What other intuitions come to mind as you contemplate Christ's vision?

THE FUTURE-PRESENT CIVILIZATION

“...the developed Aquarian puts all he has into his water pot, storing it there for service and giving it freely on demand to meet a need.” (EA, 136)

“Aquarius, we are told, governs the blood system and its circulation. By means of the blood, the life force is distributed throughout the entire human body. It is, therefore, symbolic of the task of the liberated Aquarian who dispenses spiritual life throughout the fourth kingdom [*the human*]”. (EA, 142)

As we come to a close of our seven-day creative process through the energies of Aquarius, fertilizing our minds, hearts and lives with “Hierarchical” thoughts and energies, we must come to realize that we have been engaged in a magical process of the Soul. The Soul Whose interest and downward gaze here on earth is to create a future present – a future that in some “ways” and means and places is already here in some measure and coming to be present as increasing numbers of Souls work consciously to bring about the new world.

Let us continue to “*Be as if*” and “*act as if*” *we are* developed Aquarians. For a moment, let us visit an Aquarian future – a world culture and civilization that *already lives* in the mind of the Creator (what is envisioned in Shamballa in the mind and heart of the Lord of the World). Pulling it all together in simplicity, we can simply ask - what comes to mind that brings you Life and Joy and Beauty? ◇ As we bring our visions and elements from *the real future* into the present, and as we *live* from this future here and now, we become the magnetic field serving as a ‘future pull’ into the present.

We are learning to “live life”. As we “live life” more abundantly in resonance with the Christ and the Great Ones, we become co-creative “nourishers and distributors” of Aquarian energy, dispensing the waters of life ‘far and wide’ upon the inner and outer planes of living – “as it is in heaven”.

Let us begin “as if” – in our own lives in our most immediate spheres of influence. “*As we live, we are*”. As “*we live*”, *we accelerate* the unfolding Aquarian Christ in all the phases and spheres of daily living – now and in the future coming present.

CONTEMPLATE and Experience the above.

OM

Sounding the Sacred WORD, OM, with conscious intent we seal in the heightened vibrations and Vision arising from our work together during these 7 Days.

Remain in the higher fires of Gratitude throughout the remaining days of Aquarius.

Sound the Great Invocation
