

## ARIES SOLAR FULL MOON RITUAL: DAY SIX

### MEDITATION ◊ CONTEMPLATION ◊ DIAMOND SOUL PRACTICES

In Service of the Christ, Flowering the Soul of Humanity and Manifestation of the Plan

Angel of Aries

### DAYS OF REGISTRATION AND DISTRIBUTION

Subtle expansions in consciousness during Full Moon times create changes in perception to 'see', 'sense' and experience new qualities, strengths and powers of the unfolding Soul. Subtle Aries energy continues to *distribute* as further gains in unfolding the "new Mind of Christ" are made. **Let us remember that the true "Mind of Christ" refers to the triune Soul nature of higher Mind, higher Love and higher Will.**

### A SIMPLE OPENING RITUAL

We begin by entering Sacred Time – no past, no future, only NOW  
As a Soul, we enter Sacred Space – Soul Space  
Lighting Light – warming the heart, lighting the mind...  
Sounding a bell tone ... Summoning the Angels ...  
The sound of sacred music flowing through us ...  
We move into the Soul Field where great Angels and Masters Walk

OM

## OPENING ALIGNMENT MEDITATION

◇ Remembering “the Breath is the Life pouring through all the centers”, we step into the Peace and Presence of the Soul ... and the wider Soul field, sounding the sacred Word, OM.

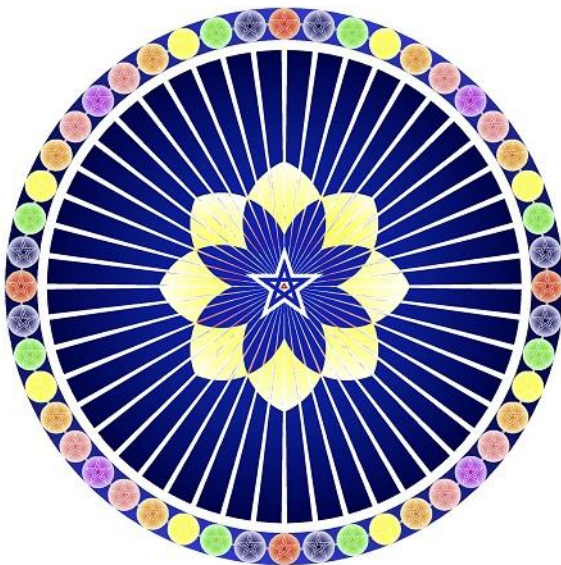

With intensified “spiritual aspiration”, we reach higher into the Light of the Soul, breathing in atoms of higher vibration whilst silently sounding the Sacred WORD, OM ... flowing through the subtle bodies ... and environment, near, far and wide.

◇ Remembering “the Breath is the Life pouring through all the centers”, we stand in the *Glory and Beauty of the Cosmos* as the energy of Aries pours through “the Heart of the Sun” ... and Divine Mother Substance. Let us move into *That space ... the Great Breath Breathing us – giving of Itself ... It’s Life ... luminous Light ... and Universal Love pouring through the Heart of God ... to us through the Chalice of the Crown.* OM  
“God is Love” ... is our planetary keynote.” (R&I, 726) OM

◇ We attune now and welcome the Solar Angel ... and Angel of Aries governing the 1st petal of the “Heart in the Crown Lotus”. Pause. We consciously deepen our attunement with the Soul for ‘energy adjustments’ ... opening to that which is needed from on High. OM

## THE SOUL IS GROUP CONSCIOUS

◇ In the solar field of Aries, and consciously prepared field of the Soul Star Group, our Soul Light and Love “expands” ... magnifying the radiant living field of Lighted Love and unified Group vibration. In one movement, extend Soul Light – *One to All ... and All to One.* OM

◇ Now as One, we come into resonance with the greater “GROUP of Groups” (the Ashram of the Christ) that is the Spiritual Hierarchy in whose Center stands the **felt Presence of the Christ**. We extend our Love to Him and pause in the auric radiance of His holy Field ... absorbing emanating vibrations pouring forth.

◇ As a group, we now pause in *the Presence and power* of the synthetic energy Field of “the great Potency of the Inner Groups” ... calling to mind and linking with Groups we know.

Through these inclusive, unifying group alignments, with the inner eye of the Soul energy lines and waves of light can be seen linking all Soul Groups **vibrating in resonance** with the **Greater Group** of Groups. ◇ **Together as ONE, we sound the Great Invocation with the Christ Blessing all Humanity and all the Earth.**

## CONTINUING DISTRIBUTION

The “distribution” of Aries energy continues to stream through the major Centers of the Earth. The subtle “inner distribution” also continues for *conscious receptive registration*.

From the Kingdom of Souls we have contacted, a new mode of living and Being is made possible as Aries energy continues to flow into this world through available channels. We begin with groups, ourselves, and our environments – such is the spontaneous outflow of the regenerative forces of the Soul.

The influence of Aries energy – spiritual regeneration and initiation – upon the Soul of Humanity and Discipleship Groups, Departments of human living and the Kingdoms of nature brings renewing opportunity to create, support and inform new modes of living in the world as these energies pass through “us” *conditioning all anew*.

## DAY SIX: REFLECTIONS and DIAMOND SOUL PRACTICE

Because “ARIES is the constellation through which initiating conditions stream into our solar system” embodying “the **will-to-create** that which expresses the **will-to-good**”, groups and organizations have a ‘divine opportunity’ to repurpose, re-initiate or deepen their Purpose for ‘initiating new conditions’.

The living *fire of creation* (true creative energy) inspires and ignites new thought, and the energy needed to implement those thoughts into purposeful activity and manifestation.

One way to access ‘the fire of creation’ is to be reminded of the *true purpose* behind what we create here on Earth – consciously linking creative activity (individual and group) to it.

To serve “*on purpose*” means to serve within the ‘creative field’ and reservoir of the Soul. In so doing, we are drawn into closer relationship with the Spiritual Hierarchy. Whether we “initiate” group work or participate in it, They are with us “all the same”. As we create “on the beam” with pure motives and actions, we become “relaying channels” for “the Good” to flow, and, receive support in surprising ways and from unexpected directions.

Aries energy gives birth to **divine Ideas**. “**The will-to-create**” stands behind them.

Choose one Diamond Soul Practice that appeals most to you:

◇ Think of a group initiative or planned service projects you support, are a part of, or which you value. Recognize the high purpose or “divine idea” behind it. Find words that would express its “higher purpose” – an essence, or strength that gives it life or effect in the world. It is a beautiful service that you render as you do so. Notice the quality of energy flowing through you as you do. Angels also recognize “divine Ideas”; it is their joy to cooperate and participate.

Examples:

The divine idea behind Government is to serve the well-being of the people for the greater Good of All.

The divine idea behind Education is to unfold human potential.

The divine idea behind ... the Union of Concerned Scientists is for science to promote a world that works for everyone – addressing climate change, presenting facts not beliefs, casting light on industries and governments causing harm, and those that do Good, etc.

The “divine idea” behind “Esoteric Advent” is to encourage the flowering of the human Soul; serve as a purifying stream for the ‘New World’ Religion; provide living rituals for the New Age and new Discipleship; awaken people of this century to the newer Ageless Wisdom Teachings of the spiritual Hierarchy, hastening Soul unfoldment, recognizing the Divine Plan for the One Humanity in the rising Age of Aquarius; prepare the Way for the emergence of the Kingdom of Souls and the “Coming One” ...

◇ Bring to mind a ‘divine idea’ that fosters the divine Plan for Humanity. *Creatively imagine* the impact that the “divine idea” would have on the immediate present future. Intuit, see, feel or imagine the joy Humanity would experience when the “divine idea” comes to fruition. If ever your confidence wanes, remember the will-to-create behind it.

We are One People, One World intended to live together as one human race. In creating conditions for the well-being of each other and life on earth, all Humanity will flower.

***As One Group Soul, let us align with the Will of God, and face the world.***

**Let us channel the Soul Power of “the will-to-create that which is the “Will to Good” ~**

***For the full flowering of Soul Life on Earth – for One and All.***
