

## GEMINI SOLAR FULL MOON RITUAL - 2018

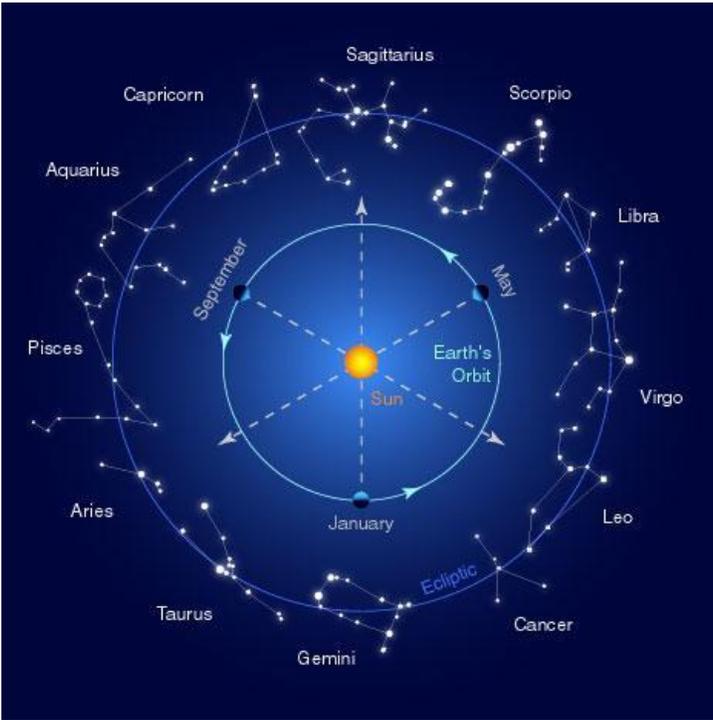

### MEDITATIONS AND CONTEMPLATIONS: Day 3 (of Seven)

In Service of the Christ & the Great Ones to Manifest the Plan and the Full Flowering of Humanity

### THE THIRD LIGHT – GEMINI, THE LIGHT OF INTERPLAY

Let us be reminded: "The entire theme of the zodiac can be approached from the angle of light and its unfolding and increasing radiance and of the gradual demonstration in what I have called elsewhere, "the glory of the One." The mode of the development of this inner light and of its externalization must remain—from the standpoint of its cosmic effects—one of the secrets of initiation and this for a long time to come. It will, however, not be out of place if I were to give symbolically **certain phrases and sentences which will indicate (for each sign) this "growth of light in light," as it is esoterically called, bearing in mind that we are attempting to express conditions connected with the soul whose essential nature is light.** This soul-light affects the form as evolution proceeds and produces sequentially the revelation of that form, and of the nature of space-time as well as of the goal." ... "A study of the above thoughts will reveal the symbolic story of the irradiation of matter, of the growth of the

light body within the macrocosm and the microcosm, and finally make clear the purpose of the Logos." (EA, 328/9)

GEMINI: This is a line of light beams, revealing that which opposes, or the basic duality of manifestation, the relationship of spirit and form. It is the conscious light of that relationship.

**Key Word of the Soul:** " 'I' (the Soul) recognize my other self (personality) and in the waning of that self 'I' grow and glow".

## CONTEMPLATION and DIAMOND SOUL PRACTICES

### *GEMINI – The Light of Interplay and the Conscious Light of Relationship*

“This sign is sometimes called the constellation of the resolution of duality into a fluid synthesis.”

“Governing as it does all the pairs of opposites in the zodiac, it preserves the *magnetic interplay* between them, keeping them fluid in their relations, in order eventually to facilitate their transmutation into unity, for the two must finally become the One.” (EA 348)

### CONTEMPLATE

This is the energy that “relates” everything – **it creates relationship, overcoming separation.**”

*PLEASE NOTE:* For this **THIRD DAY, Part III of the Meditation** below has been expanded for an indepth “Contact with the Christ and a Closer Relations between Christ and His People”. Also, in this latest *revision (Day 3, V3.1)* the final 4th Stanza of the GI has been included—'sounded forth *by and as the Soul of Humanity*'.

## DEEPENING TRUE SOUL REALIZATION

*In the times and seasons we rhythmically and intentionally set apart for simultaneous group meditation, group spiritual approach to divinity and entry into the Life Energies of the Constellations (Signs) and Mysteries of Initiation, we are accelerating the unfoldment of our Inner Divinity. In our deepened Soul work, heightened alignments with Life energies, and contact with Those Who know, we are shown more upon “the Way”.*

*The “New Mind of Christ” becomes the “Risen Christ” in us as the twelve potencies of the Heart Chalice are stimulated, awakened and conferred — in due course and time fully opening to reveal the inner God, a Son-of-God (Sun-of-God) walking upon the planes of earth “serving, saving and redeeming.”*

*As we consciously tread the Way round the zodiac, absorbing and distributing its energies, the True Soul – the encoded “Risen Christ” comes forth in ever greater strength and measure. We become **That Which We Are** – in fact and in Truth, a microcosm of the ONE SELF.*

*Throughout each month, heightened potently during the 7 Day Full Moon periods, we make conscious contact with the energy of the Angels of the Signs working in concert with the Solar Angel, stimulating a corresponding petal in the Chalice of the Heart.*

## PREPARATION

### I. “THE BREATH IS THE LIFE POURING THROUGH ALL THE CENTERS”

◇ **Sounding forth the sacred Word, OM** (silently or aloud) ... **we come into the peaceful Presence of the Soul.**

◇ With a “Breath of Life”, consciously attune with the life energy of **Gemini streaming into our Solar System through the Heart of the Sun/Son – The Son of Divine Love, in which our Earth and all Planetary Spheres live, move, breathe and have Their Being.** ~ OM

◇ Consciously stand in the down-flow of these Life energies, breathing “the Breath of Life” of the Heart of the Son “pouring through the Crown Center and all the Centers” ... irradiating the mental body, infusing the emotional body, and suffusing the vital etheric body. ~ OM

◇ With a conscious “Breath of Life pouring through all the Centers”, **AUDIBLY** sound forth the Sacred Word, **OM, disturbing and loosening, dissolving and releasing atoms of lesser vibration** (visualizing and sensing their release).

◇ Then, with **conscious and intense spiritual Aspiration** (inwardly reaching/attuning as *high* as you can) – **SILENTLY** sound the Sacred Word **OM whilst** breathing the “Breath of Life” **and drawing in**

**atoms of higher vibration ... to** pour through all the Centers. Feel and sense the new Life – balancing, healing and enlivening.

◇ In the moments that follow, let us be aware of solar-infused Gemini Light flowing *into the vibratory field of the environment in which we live, move, serve and have our Being—infusing and heightening the vibration.*

Take a moment to *realize* that every intentional, **conscious Breath of Life with the sacred WORD OM sounding—intending to penetrate deeper into the True Soul (Soul Self)**, assists in parting the veils to Its Ever-Presence; an expanding awareness of the Plan of God for Humanity and the work of the Ashrams to which we belong will be increasingly known.

## ***II. THE SOLAR ANGEL & ANGELIC INTELLIGENCE OF THE 3<sup>rd</sup> PETAL***

◇ We *continue* with the "Breath of Life", bringing our awareness to the "Twelve-petalled Heart in the Head" of the 1000-petalled lotus of the Crown center.

◇ With conscious intent, come into resonance with the Angel of the 3<sup>rd</sup> Petal (in Gemini) and the ever-Presence of the Solar Angel calling us into vibratory relationship ~ **OM** ◇ In the moments that follow, let us *breathe with the vital Presence* of the Angels as Their lighted Intelligence, loving Presence, and specialized Powers reach and *touch* us for the **unfoldment of the inner Christ** ~ **OM** ◇ On an out-breath, **SILENTLY** sound forth the Sacred Word ~ **OM** with renewing *intelligent* Life energy pouring through all the Centers ... again irradiating the mental body, infusing the emotional body, and suffusing the vital etheric body.

◇ As "the Breath of Life pours through all the Centers", follow the Life energy streaming through the Crown Center — bringing awareness to the Ajna, Throat (or Alta Major) and Heart Centers ... flowing on down through the central spinal column — *gently cleansing, infusing and heightening each Center with new Life ... with a portion* flowing out through the minor centers in the soles of the feet and into the earth "Blessing the Earth upon which we walk" ~ **OM** (*sounded silently or aloud.*)

Follow the energy as it circulates, re-ascending up the central spinal column "returning *Home* whence it came" to the Crown, completing the circulatory flow ~ **OM** (*sounded silently or aloud.*)  
***BE now in the radiant flow of this circulating energy.***

Note: Force nothing, simply follow and allow. Some may experience this energy as a great ovoid, or *torus* of dynamic circulating Life – a perpetual fountain of Life Energy descending and ascending without cessation. Here within our own Body is a *real* symbolic Truth of the Pilgrim's journey – of the Monad (Spirit) in extension, journeying forth from on High deep into matter for the purpose of "saving and redeeming" before returning to the Father's Home in the Crown.

◇ **In right timing, sound forth the Sacred Word, OM**, confirming and sealing the new vibration.

### III. THE SOUL STAR GROUP – “THE SOUL IS GROUP CONSCIOUS”

#### *Moving Together In “Group Approach to Divinity”*

◇ In the prepared enlivened state in which we are now in, let us widen our awareness to **see ourselves standing inside a large circle of Participating Souls**, gathered and gathering as the “**Soul Star Group**” – *purposed* to work in “Group Approach to Divinity” in the Company of the “**Great Ones**” during the Full Moon periods. *Let us see all Souls herein gathered as radiant spheres of living, lighted Love and Holy Will.*

◇ *Sounding the sacred Word, OM (silently or aloud), in one simultaneous movement we extend a ray of love and light to all Souls herein gathered ... together forming one fluid “sphere of Lighted Love” – energized and infused with all our Soul Ray qualities, Virtues and Powers.*

◇ *Sounding forth the sacred Word OM, we seal and confirm the new group vibration.*

*– Let us be Aware that we are One Mind, One Heart, One Group Soul –*

◇ We turn our Awareness now to the Center of the Circle—the five-pointed **Star**—symbol of **The Christ**.

◇ Allowing our subtle senses to open, let us register—revealed or imagined, a magnanimous and potent Field of Lighted Love and Power that is *The Presence of the Christ with His Disciples*—“*the Masters of Love-Wisdom*” and *Their Ashrams* —*the Ashrams of the Christ that are “The great potency of the Inner Groups”... They surround The Christ* as dynamic, pulsing Energy Centers —of radiant Light, and Love and Life Power ◇ Together and as One, we beam (radiate) forth a Ray of Soul Love straight to the **Heart of the Christ Who Stands Ever at the Center** (of every consecrated Group working on behalf of the Plan of God).

Remembering His Words: “*When two or more are gathered in My Name, There Am I Also*”

We know Him now as *Teacher Alike of Angels and of Men* —*as the World Teacher of the Aquarian Age* — *known by various Names in Humanity’s rainbow of cultures, religions and nations*—*yet ever remaining One and the Same Christ Presence ... OM*

◇ Let us sense His great “**Heart of Love and Life**” ... emanating and magnifying His radiance through all “Participating Soul Groups” committed to distributing Love to Humanity and manifesting the Plan of God.

**We see His Star shining forth**

**In This Light ... In His Love ... In His Holy Will, we take our Stand**

**“We are With Him—And He With Us”**

*OM*

◇ As a Group, we pause to receive the return flow of His Love and Lighted Will filling the Soul Star Group and all herein present with *His Presence*.

Take time now to sense into the Soul Star Group, pulsing as *one beating Heart* in unified vibration, filled full with the Love and Virtue of the Christ.

◇ We **sound forth** the **Sacred Word OM** (silently or aloud) ... *feeling* with our subtle senses the *life-giving vibrations* of the Christ flowing through the **Soul Star Group and all Groups gathered in His Holy Name**.

With serving groups around the globe, we are preparing the Way for the Christ and the externalizing Hierarchy. We serve as a *healing, redeeming, saving force* for Humanity ... *Preparing the Way*.

◇ **We are affirmed** in the “**joy of participation in the Masters' plans**” knowing “**all is well that associates you closely with Them.**” (TWM, 368/9)

*~ Blessed by the Ever-Presence of the Christ ~*

*we silently (or softly aloud) sound forth the Sacred Word, in blessing*

*OM*

## AN OVERVIEW of the FULL MOON OF GEMINI – (for Day 3)

The **Full Moon Festival of Gemini** has several ‘names’: **The Festival of the Christ**, describing Christ as Leader, guiding Humanity into the Age of Aquarius; **The Festival of Humanity and Goodwill** is the “festival of the spirit of humanity – aspiring to approach nearer to God seeking conformity to the divine will” and “dedicated to the expression of right human relations.” “It will be a day whereon the spiritual and divine nature of mankind will be recognized”.

**World Invocation Day** (established by Lucis Trust in 1952) is linked with the Gemini Festival to promote the understanding and use of the Great Invocation as a world day of prayer and meditation.

We will focus on a ritualized **Festival of the Christ**, combining the above purposes. In June of 1945 at the Gemini Full Moon Festival, Christ gave the Great Invocation to Humanity and also made the decision to reappear again in physical form to lead Humanity into the Aquarian Age. The date of His reappearance will in great part be determined by Humanity having “prepared the way”, and meeting certain prescribed conditions which would make His Appearance, and Those He brings with Him, successful.

Prior to the Gemini Festival of 1946, the Master DK invited his students and all reading His words to **participate with the Christ and the Masters** in specific activities, and **to intone the Sacred Word, OM, in groups: “Their united OM might approximate the appropriate keynote”** sounded by the Masters augmenting the distribution of chosen thought energies worldwide.

For this ritualized Gemini Full Moon Festival we will follow and participate in a ‘program’ outlined by DK to join the thought flow of the Christ and the “tide of inspiration” released by Him continuing in the *greater Esoteric Advent of the Externalization process*.

(Click link on Day One, titled *The June Festival*, to read an unabridged two page section describing this process (Externalization of the Hierarchy, 555/8).

## RITUAL MEDITATION and SPIRITUAL PRACTICE for THREE DAYS

“The Festival of June which is so uniquely Christ's, and which emphasizes His relationship to humanity, in reality covers three whole days [*in advance of the Full Moon Day*], each with a different keynote:

- 1. The keynote of Love in its hierarchical sense**—free from sentiment, emotion and personal emphasis—a love that sacrifices and understands, that acts with strength and decision, and that works on behalf of the whole and not in the interests of any group or individual.
- 2. The keynote of Resurrection**, emphasizing the **new note of livingness, of the living Christ** and of that **"life more abundantly"** [*predicated on Humanity living spiritual values*].
- 3. The keynote of Contact, of a closer relation between Christ and His people, between the Hierarchy and Humanity.**

**The word "keynote" has been deliberately chosen and signifies the sound** which preceded each major inflow at the May Festival [*of 1945*]; these energies will be released at a solemn ceremony on each of the three days. At each ceremony the Christ will say the new Invocation alone, and then the united Hierarchy will intone the stanza alone, invoking light, love and the will-to-good (one on each of the three days). Those disciples or initiates who happen to be interested and watching the Triangles or the Goodwill movement will have them in their minds as they say the first and third stanzas, and the New Group of World Servers will receive some attention when the second stanza is **chanted.**" (Externalization of the Hierarchy, 555)

[NOTE: words in brackets are our own]

*We will use the following process*

## USING THE FOLLOWING PROCESS

Using our creative imagination (informed as above), let us participate *as if we are* working with the Spiritual Hierarchy and the Christ.

### *We begin with an OM standing in the Group Field*

◇ We imagine the Christ sounding The Great Invocation, alone. ◇ Pause. *OM*

◇ Then together with the Spiritual Hierarchy, we “intone / chant / or recite” the Stanza (for the Day) three times, each time sounding the OM in accord with the specific Keynote of the Day (as described below).

The first time through, we “intone / chant / recite” the stanza aloud slowly and with emphasis, considering its meaning; *OM*

The second time through, we “intone / chant / recite” the stanza, *visualizing* the words doing what they describe; *OM*

The third time through, (in silence) *experience the stanza happening through you/us*, as if it is *being recited and intoned through you and the group* — “sounding us”; *OM*

◇ Afterwards, pause, noticing the effect ... in yourself, in the group, in the world group ... spreading the vibration ... confirming soul relationships.

◇ Repeat the Stanza and the Keynote whilst sounding the OM as often as possible throughout the Day (on the morning of this Day, select an intention for this practice – how often you intend to recite the Stanza, e.g., at the top of every hour, or, once in the morning, mid-day and at night, or however you are inspired to work).

(You may also want to work creatively with this practice of the stanzas for each of the Three Days, i.e., using a Mala to sound or chant the stanza 108 times ending with one highly charged dynamic OM at the end — in concert with the Spiritual Hierarchy and the Christ).

## DAY ONE

**“From the Point of Light within the Mind of God,  
Let *Light* stream forth into the Minds of Men,  
Let Light Descend on Earth.”**

~ OM ~

*Sound the OM on the Keynote of LOVE “in the Hierarchical sense” —  
Together with the Christ and the Spiritual Hierarchy—the Company of Heaven*

∞

---

## DAY TWO

**“From the Point of Love within the Heart of God,  
Let Love stream forth into the Hearts of Men,  
May Christ Return to Earth”**

~ OM ~

*Sound the OM on the Keynote of “RESSURECTION”  
~ of Livingness, of the Living Christ and Life more Abundantly ~  
Together with the Christ and the Great Ones*

∞

## DAY THREE

**“From the Center where the Will of God is known,  
Let Purpose Guide the Little Wills of Men –  
The Purpose Which the Masters Know and Serve”**

~ OM ~

*Sound the OM on the Keynote of “CONTACT”  
– of a Closer Relation between Christ and His People,  
between the Spiritual Hierarchy and Humanity –  
Together with the Christ and the Great Ones*

∞

Continuing: On this Third Day, we complete the Great Invocation – first *identifying with and as the Soul of Humanity* sounding forth the 4<sup>th</sup> Stanza of the Great Invocation throughout the world:

*“From the centre which we call the race of men,  
Let the Plan of Love and Light work out,  
And may it seal the door where evil dwells.*

*Let Light and Love and Power restore the Plan on Earth.”*

**OM, OM, OM**

## THE GREAT INVOCATION – (1945)

From the point of Light within the Mind of God  
Let light stream forth into the minds of men.  
Let Light descend on Earth.

From the point of Love within the Heart of God  
Let love stream forth into the hearts of men.  
May Christ return to Earth.

From the centre where the Will of God is known  
Let purpose guide the little wills of men—  
The purpose which the Masters know and serve.

From the centre which we call the race of men  
Let the Plan of Love and Light work out,  
And may it seal the door where evil dwells.

Let Light and Love and Power restore the Plan on Earth.
