

TAURUS 7-Day SOLAR FULL MOON RITUAL

DAY FIVE

MEDITATION AND DIAMOND SOUL PRACTICES

In Service of the Christ and the Great Ones for the Flowering of Humanity

REGISTRATION AND DISTRIBUTION

In the days following a Solar Full Moon, we extend what was received upon the Way – the flow of Will in the Matrix of Love – as the Way of the Christ. We begin with ourselves, our environments, our groups, and wherever there is a need to which we are called in joyous service.

Subtle expansions in consciousness change our sense perceptions, allowing us to 'see', sense and experience new qualities, strengths and powers of the unfolding Soul releasing new energy into its instrument, the personality, and awareness of "Being". Subtle at first, such gains are accentuated if we remain the Observer, giving attention to the unfolding "Mind of Christ" in us. Let us remember that the true "Mind of Christ" refers to the triune Self of higher Mind, higher Love and Holy Will.

A SIMPLE OPENING RITUAL

Let us begin where we are with a breath, entering soul time – no past, no future, only now.

We enter sacred space, Soul Space. Lighting light – warming the heart, lighting the mind, sounding a bell tone, summoning the Angels. Music from the inner worlds flows through our consciousness, opening the heart-mind through the door of the Soul.

OM

MEDITATION: Stepping into the Peaceful Presence of the Soul

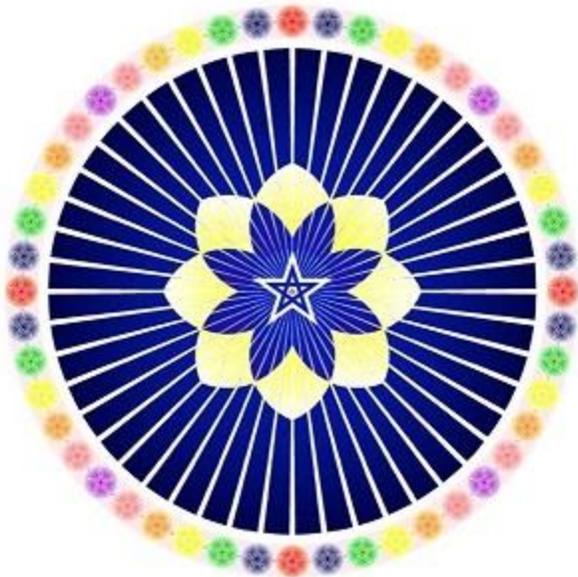

◇ Remembering “the Breath is the Life pouring through all the centers”, we step into the peaceful presence of the Soul ... and the wider Soul field, sounding a sacred OM. With intensified spiritual aspiration, we reach high into the Light of the Soul, breathing in atoms of higher vibration whilst silently sounding the Sacred WORD, OM ... flowing through the subtle bodies, irradiating the mind, infusing the emotions, suffusing the physical etheric ... and environment, near, far and wide.

◇ Remembering “the Breath is the Life pouring through all the centers”, we stand in the Glory and Beauty of the Cosmos as the energy of Taurus pours through “the Heart of the Sun – the Son of Divine Love”... and the Mother of the higher Worlds. We move into *That* space where the **Great Breath is Breathing you – giving of Itself ... life-giving vitality ... luminous Light ... and universal Love pouring to and through the Heart of God and the Christ... to us through the Chalice of the Crown.**

◇ Sounding the sacred **WORD**, OM (silently or aloud), we loosen and discard atoms of lower vibration. ◇ We attune now, and welcome, the Solar Angel and Angel of Taurus governing the 2nd petal of the “Heart in the Head Lotus”. We Pause, consciously deepening our alignment with Them for ‘energy adjustments’ as purer atoms of “light and love and life” from the high planes of the Soul pour through the Crown Center and all the Centers ... returning *Home* whence it came in a great fountain of circulating light. We sound an OM to seal in the new vibrations.

THE SOUL IS GROUP CONSCIOUS

◇ In the field of Taurus, as conscious Souls we move into the prepared loving field of the Soul Star Group. ◇ In one unified solar breath, we extend ('ray forth') Soul Light to all herein gathered – One to All and All to One ... creating a *living radiant field* of Lighted Love and unified Soul vibration. OM.

As One Soul, we come into resonance with the greater “Group of groups” (the Ashram of the Christ) – in whose Center stands the felt Presence of the Christ. We pause in the auric Presence of This Holy Field ... absorbing the emanations pouring forth from the Greatness of His Being.

◇ Through these inclusive, unifying group alignments, with the inner eye of the Soul, energy lines and waves of light can be seen linking Soul Groups around the Globe – vibrating in resonance with the Greater Group of Groups with which we participate. ◇ Think and name (mentally or spoken) the Soul

groups you know and love, affirming the Group Soul now. ◊ We pause now to register (revealed, sensed, or imagined) *the living Presence* of a synthesized energy Field that is “the great Potency of the Inner Groups”.

OM

◊ In Pisces, we leave the “Fathers home, and turning back, we save”. In Aries, we “come forth and from the plane of mind we rule”. In Taurus, we venture forth on the “Penetrating Light of The Path” seeking Illumination and Vision that is the Will of God for a new World Civilization creating Heaven on Earth. With these energies coursing through the Soul Star Group, we turn upon our axis to face a world in need, extending the Saving Force powered by the Will-to-Love for the Good of all.

~ **Sound the Great Invocation** ~

◊ Let us be affirmed in the Master’s words of the “**joy of participation in the Masters’ plans**” knowing “**all is well** that associates you closely with Them.” (TWM, 368/9)

DAY 5: REGISTERING CONTACT and REFLECTION

Engaging in a reflective review process reinforces what actually happened but which may not have fully registered in conscious awareness.

In the days of distribution that follow the Full Moon, we “reveal” that which was received and continue 'distributing Soul force throughout the 3-fold vehicle (mental, emotional and physical/etheric bodies) on a personal level, and on wider group levels for good-will service. The subtle effects of “inner distribution” will continue, necessitating *conscious registration if we are to make them ‘our own’ – further unfolding the inner Chalice that is the “Mind of Christ”*. In ‘ready state’, we remain watchful, listening and active.

With these thoughts in mind, we continue to register the release of new energies as we ‘listen for impression’, as intuition and new awareness arises “falling into” heart/ mind, or “breaking-through” into the etheric/physical system. “*God is speaking to us all the time*”. Let us observe and also be alert to the ‘signs’ in the environment that are ‘speaking to us’.

Cognizant of refinements and expansions in consciousness, the “eye” through which we perceive grows (especially in the sign of Taurus). We understand more, *see* more wholly and truly – with wider and truer perception, becoming channels of compassion as “the heart of the universe is unalterable compassion”. All these ‘signs’ (indications) of expanding consciousness bring with them new interpretative powers, subtle but unmistakable. **Notice and allow**. Allow them to take hold – to grip, shape and fortify (the Vulcan grip in Taurus) the “at-one-ment” process of Soul and Personality, and progress upon the “**Penetrating Light of the Path**”.

REFLECTIONS for Day Five

The Master DK informs us that every full moon period is an opportunity to begin anew – the old is left behind as the new eclipses the old, especially in the initiating energy of Aries and the penetrating Light of Taurus.

Let us consciously re-enter the Full Moon field calling to mind what was registered or experienced.

Ask for clarity. Did anything “happen” of moment that should be brought back “to mind”?

As the New Mind of Christ unfolds (in us), we perceive ‘anew’. Look for what new has arisen or is rising in your thought-life, relationships and everyday living in the days that follow.

◇ Is something “initiating through” or “illuminating” you – in you?

◇ Is something ‘old’ perceived anew or differently, seen more comprehensively, more wholly? Reflect.

◇ Is something being reinforced? Reflect.

◇ Is something gaining strength? Reflect.

◇ What new significance or meaning is unfolding?

◇ Find ways to link your insights from these reflections into fluid dynamic statements. ◇ Is a new story emerging for you? ... Is there a new Soul story, a new Soul frame, that would lift, inspire and sustain you in the Christ vibration? Clothing images with thoughts and words that give them shape and form lend power to our daily life and service.

Be cognizant today (and in the days that follow) of all that comes into your field of awareness as the whole “speaks” to you through the soul that lives in all form life.

REFLECTIVE REVIEW of DAYS 1 – 3

Aside from impressions that may have come yesterday during full moon day, this is a time to mentally revisit the **themes** from the first three days:

DAY 1) Your major “**Life Incentive**”.

To what degree are you **Impelled by personality desires of the body, emotions, or the lower mind?** **And/Or are you driven forth upon the Path of Return as a DISCIPLE by the urge of Aspiration of the unfolding Soul? And/Or are you progressing as an INITIATE controlled by the WILL TO COOPERATE WITH THE PLAN?**

DAY 2) **Keynote: “When Thine Eye is Single all is Illumined”**. Word of the Soul: **“I See, and when the eye is opened, all is illumined”**.

When used as a mantram, this is a way to call for Truth from the Light of the Soul.

The Christ said, “If thine eye be single, thy whole body shall be full of light.” (TWM, 558) When used as a mantram during meditation, it will lead to an experience.

Have you *experiences of seeing* with the “single opening Eye” of the Soul? Recognize them as intuitive understandings, (**Soul**) insights dropping into awareness, whole-sight, parts embraced by the Whole.

DAY 3) **The Ceremony of Wesak** – A living experience recounted by Alice Bailey; The fact of God “There is an Eye which can be developed and used, and which will enable its possessor to see God”.

What was your experience reading and contemplating AAB’s narrative? Is the “fact of God” any more real to you in the Presence of the Buddha as an emissary of Sanat Kumara? Is the fact of the Spiritual Hierarchy nearer, and possibly more dear?

What else has deepened or come more fully to Light as a result of your disciplines and Contemplations?

Δ

As the 24 hour “guarding and holding” period of the Full Moon Day comes to an end (the 12 hours before and 12 hours after the exact moment), we move toward “distribution” – extending in blessing what we have contacted and received, for a new mode of living and being in the world ... for Humanity and the Earth Herself.

In the days that follow, we shall continue to *extend the flowering Will in the Matrix of Love – that is the Way of the Christ*.
