CAPRICORN

MEDITATION:

◇ Standing in the Life and Beauty of the Cosmos breathing the “Breath of Life” ... as the energy of Cancer pours through the “the Heart of the Sun”.

◇ Let us *Be in That space* where the **Great Breath is Breathing Us – giving of Itself, ... life-giving strength ... luminous Light ... and Universal Love, ... pouring from the Heart of God ... into us – through the Chalice of the Crown.**

◇ **Remembering “the Breath is the Life pouring through all the centers”,** we stand in the peaceful presence of the Soul ... and the wider Soul field, sounding a sacred OM.

◇ With “intense spiritual aspiration” – in the Mind of Christ, we breathe in pure atoms of light, love and life from the higher planes of the Soul (True Soul Self) pouring through the Crown Center... and all the Centers ... out through the feet “blessing the Earth upon which we walk” .

◇ Of its own accord, the energy returns *Home* whence it came as a great fountain of circulating life energy. *OM*

◇ Attuning with the Solar Angel and Angels of Cancer – Capricorn governing the 4th and 10th petals of the “Heart in the Head Lotus” ... welcome Their Angelic Presence to guide our inner process in Joyful Cooperation ... and Comprehension.

OM

THE SOUL IS GROUP CONSCIOUS

◇ As Souls, we stand in the lighted, loving field of the Soul Star Group. ◇ In one unified solar breath, simultaneously 'ray forth' Soul Light, Love and Holy Will – Soul to Soul, to all herein gathered ... creating one *living network* of unified Soul vibration. ◇ In the next breath of life – whilst sounding the sacred WORD, as One Group Soul we extend love and light to the Christ standing in the Center ... remaining open to the return flow from the Heart of the Christ. ◇ We sense the Group as a living, pulsing, beating Heart – a rainbow Sphere filled-full with Soul virtues, Soul Ray powers and Christ Love. ◇ *OM*

◇ Through these inclusive, unifying group alignments, with the inner Eye of the Soul, energy lines and light waves can be sensed (seen, felt or imagined) linking the Soul Star Group with Groups worldwide (inner and outer) *vibrating in resonance with the "greater GROUP of Groups" in Whose Center stands the Christ ...* infused by Cosmic CHRIST, Solar and Planetary Energy. ◇ Let us pause to register *the living Presence* of the synthesized energy field – surrounded and augmented by three extra-planetary Lives and the Lord of the World of Shamballa (of Whom Christ is a humble Disciple).

◇ Be affirmed in the Master's words of the “**joy of participation in the Masters' plans**” knowing “**all is well** that associates you closely with Them.”

CONTINUING DISTRIBUTION, SOUL REFLECTIONS and DIAMOND SOUL PRACTICES

Second Day Following Cancer Full Moon – Day SIX

Spirited, spiritual reflection calls upon the Soul to “Come Forth and Light the Way” in daily living. Let us shine forth as *Bearers of that Light*.

We continue incarnating and distributing Cancerian energy.

Remembering the *Soul is group conscious*, we now move our awareness from the individual to wider group consciousness and service activity.

Our focus today will be on the manifestation of lighted houses at all levels of humanity.

DIAMOND SOUL PRACTICES

Building Lighted Houses in Groups on All Levels

“With the advent of soul light, forms become “a perfect expression of the Soul”. (EA, 314)

Today we will see ourselves as “*light bearers*” in the groups of which we are a part.

On this second day of distribution, we will consciously and intentionally explore how we manifest lighted houses – lighted forms, in groups small and large in a ‘greater Light’.

◇ In small groups (of two or more) *it is all about love – soul relations based upon Christ love flowing through everyone*. In intimate relationships and small serving groups, right human relations are based upon Christ love flowing through them. With whomever we are in relationship, our soul qualities and virtues must come into play – soul qualities such as humility, gentleness, kindness, deep listening, seeking first to understand, trust, and respecting, appreciating and honoring. ◇ Allow a situation to come to mind where these soul qualities or virtues are or were in play. Notice the “good” effect it has had,

qualifying (and justifying) it as a lighted house. ◇ Now identify a relationship situation that is in need of these (or other) soul qualities to build a '*lighted house relationship*'. Do this now in your imagination, allowing these higher energies to flow into the relationship; sense the beneficial outcome.

Any unhealed relationship drains the rising building energies and blocks the flow of love such that the channel narrows and further unfoldment is not possible, limiting *potential* for the little self and wider group field. Healing separation – the rifts and gaps '*between others*' is not an option if we want to vibrate 'with the Christ', and 'as a Christ.' If separation exists within, it is *always* projected outwards. The inner ever precedes the outer. Why allow the hold of a lower ego identity when more is possible? ◇ Reflect

◇ Let us now consider soul-inspired serving groups. These are also based on right human relations and a clear, inspiring service mission. Consider a serving group you are a part of that is in need of a clearer or more inspiring service mission, and/or improved "right human relations" where soul qualities, virtues, values and skills must come into play in greater measure – respect, deep listening, appreciation of the gifts each brings, conflicts resolved, forgiveness extended, constructive suggestions replace criticism and are welcomed and *presumed*, ... ◇ Visualize/imagine the group having such "virtues"; sense the release and freedom of functioning at this higher, purer, more wholesome expression of a *lighted group house*.

◇ Let us now consider our local communities (neighborhoods, towns, cities) and places of work, worship, education (schools), places of play, etc. Choose one – to what extent is it a lighted house? How would it be made better? As a need or vision is identified, a magnetic center must be created through a dynamic person or small group willing to work for its '*lighted house manifestation*'. A vision to right a wrong, a needed service fought for, something beautiful and inspiring created and implemented ... At this level, all concerned groups come together to manifest a lighted house under enlightened leadership. As '*light bearers*' discern what is needed to build such a lighted house, they act to manifest.

◇ On the state or national level, the same principles apply, except here the "lighted house" relies upon the founding principles of the state or nation and serve as guides. The soul of the nation is called forth to serve as a guide and beacon of intelligent soul light. It is supported and held in the heart mind by all. Higher soul qualities, values and principles must be reflected in the institutions, state or nation to build (or rebuild) the '*lighted house*'. The

practice of “citizenship” through voting, supporting institutional changes for the greater good, addressing retrogressive forces that block the light ... are ways to build a lighted house at this greater group level. ◇ During New Moon times (as well as Full Moon times), invoke the soul of your nation and hold it firm; if you know the nations “motto”, affirm it. We shall build a “lighted world” when all soul nations attempt to live as souls. When Soul energies are set into motion at national levels through its citizenry – as Soul nations take over, nothing can stop them. We are then on the way to building a ‘lighted world’.

◇ At the international level, a ‘*whole-world lighted house*’ will be evidenced by nations cooperating for the sake of the earth and the well-being of all humanity. National sovereignty is ceded to a body such as the United Nations for coordination and cooperation, and the resolution of global issues effectively build a ‘*global lighted house*’ good for all. ◇ Meditatively hold such a vision with the spiritual Elders of the Fifth Kingdom – “the Kingdom of Souls” in fulfillment of the Plan of God. Remember Humanity is a world center, a chakra, in the body of God. It has a destiny to fulfill and it is up to US to fulfill that destiny through lighted, loving intelligence and will in action.

OM

◇ In the virtue of our conscious participation (in the Cancer Full Moon ritual of Group Approach to Divinity), we are *given to receive* greater Soul light to incarnate.

“The energy of the cosmos becomes visible through human life and deeds, and that energy impregnates all with its divine quality.” (Tarot: Mirror of the Soul by Gerd Ziegler).

Consider the cosmic light of Cancer *being made visible through our human life and deeds* – consider how it is changing us (it will if we let it as we allow ourselves to be channels and make the necessary changes)

– Consider then (visualize, imagine) *this cosmic Light and Life flowing through all of humanity inspiring the building of lighted houses everywhere for the greater good. The Plan of God is for Humanity to become a Lighted House* – “*The Whole is Seen As One*” – *Imagine This! We are participants in this Plan. We are ...*
