

TAURUS 7-Day SOLAR FULL MOON RITUAL

DAY SIX

MEDITATION AND DIAMOND SOUL PRACTICES

In Service of the Christ and the Great Ones for the Flowering of Humanity

REGISTRATION AND DISTRIBUTION

In the days following a Solar Full Moon, we extend what was received upon the Way – the flow of Will in the Matrix of Love – as the Way of the Christ. We begin with ourselves, our environments, our groups, and wherever there is a need to which we are called in joyous service.

Subtle expansions in consciousness change our sense perceptions, allowing us to 'see', sense and experience new qualities, strengths and powers of the unfolding Soul releasing new energy into its instrument, the personality, and awareness of "Being". Subtle at first, such gains are accentuated if we

remain the Observer, giving attention to the unfolding "Mind of Christ" in us. Let us remember that the true "Mind of Christ" refers to the triune Self of higher Mind, higher Love and Holy Will.

A SIMPLE OPENING RITUAL

Let us begin where we are with a breath, entering soul time – no past, no future, only now.

We enter sacred space, Soul Space. Lighting light – warming the heart, lighting the mind, sounding a bell tone, summoning the Angels. Music from the inner worlds flows through our consciousness, opening the heart-mind through the door of the Soul.

OM

◇ Remembering “the Breath is the Life pouring through all the centers”, we **step into the peaceful presence of the Soul** ... and the wider Soul field, sounding a sacred OM. With intensified spiritual aspiration, we reach high into the Light of the Soul, breathing in atoms of higher vibration whilst silently sounding the Sacred WORD, OM ... flowing through the subtle bodies, irradiating the mind, infusing the emotions, suffusing the physical etheric ... and environment, near, far and wide.

◇ Remembering “the Breath is the Life pouring through all the centers”, we stand in the Glory and Beauty of the Cosmos as the energy of Taurus pours through “the Heart of the Sun – the Son of Divine Love”... and the Mother of the higher Worlds. We move into *That* space where the **Great Breath is Breathing you – giving of Itself ... life-giving vitality ... luminous Light ... and universal Love pouring to and through the Heart of God and the Christ... to us through the Chalice of the Crown.**

◇ Sounding the sacred **WORD**, OM (silently or aloud), we loosen and discard atoms of lower vibration. ◇ We attune now, and welcome, the Solar Angel and Angel of Taurus governing the 2nd petal of the “Heart in the Head Lotus”. We Pause, consciously deepening our alignment with Them for ‘energy adjustments’ as purer atoms of “light and love and life” from the high planes of the Soul pour through the Crown Center and all the Centers ... returning *Home* whence it came in a great fountain of circulating light. We sound an OM to seal in the new vibrations.

~ THE SOUL IS GROUP CONSCIOUS ~

◇ In the energy field of Taurus, as conscious Souls we move into the prepared loving field of the Soul Star Group. ◇ In one unified solar breath, we extend ('ray forth') Soul Light to all herein gathered – One to All and All to One ... creating a *living radiant field* of Lighted Love and unified Soul vibration. OM.

As One Soul, we come into resonance with the greater “Group of groups” (the Ashram of the Christ) – in whose Center stands the felt Presence of the Christ. We pause in the auric Presence of This Holy Field ... absorbing the emanations pouring forth from the Greatness of His Being.

◇ Through these inclusive, unifying group alignments, with the inner eye of the Soul, energy lines and waves of light can be seen linking Soul Groups around the Globe – vibrating in resonance with the Greater Group of Groups with which we participate. ◇ Think and name (mentally or spoken) the Soul groups you know and love, affirming the Group Soul now. ◇ We pause now to register (revealed, sensed, or imagined) *the living Presence* of a synthesized energy Field that is “the great Potency of the Inner Groups”.

OM

Continuing ...

◇ In Pisces, we leave the “Fathers home, and turning back, we save”. In Aries, we “come forth and from the plane of mind we rule”. In Taurus, we venture forth on the “Penetrating Light of The Path” seeking Illumination and Vision that is the Will of God for a new World Civilization creating Heaven on Earth.

With these energies coursing through the Soul Star Group, we turn upon our axis to face a world in need, extending the Saving Force powered by the Will-to-Love for the Good of all.

~ Sound the Great Invocation ~

◇ Let us be affirmed in the Master’s words of the “**joy of participation in the Masters’ plans**” knowing “**all is well** that associates you closely with Them.” (TWM, 368/9)

DAY 6: FURTHER DISTRIBUTION, REFLECTION and DIAMOND SOUL PRACTICE

Day Six of the Full Moon Ritual process continues distributing Taurus energies and impressions. Today we move from the individual to **group** level of consciousness and service activity – remembering “**the Soul is group conscious**”.

Our immersion in the life energies of Taurus brings forward two primary “Ideas” to focus our attention and thoughtful direction in group service work on this *second day of distribution*.

The first relates to group motivation: what kind of desire or will is driving us? Desire corresponds with three phases of “will, Will, WILL” in selecting goals and animating group progress toward them.

The second relates to the desire or will motivating ideals and goals of national, international and world groups. We will explore this further on the final day of distribution.

“I would like here to call your attention to the fact that **this sign is a synthetic sign** in the sense that **it brings expression of an inner urge** of some definite nature upon the physical plane. This it does, because its basic quality **demonstrates as desire in the mass of men** and **as will or directed purpose in the disciple or the initiate**. It manifests as **stubbornness** in the average man (and this is literally willful adherence to personality aims) or as **intelligently expressed will—actuated by the impulse of love**—in the advanced man. **This connotes adherence to soul purpose.**” (EA, 375)

This leads to the question: “what is the nature of the *purpose* of the group?” Is it primarily oriented toward personal benefit, material expansion and monetary gain, or does it aim to express some Good, some benefit in service to others –in the group, family or community? The more noble the purpose, the more it brings benefit to others demonstrating as sustained group cohesion (group love), commitment to achievement (group will), and spiritual livingness in the group. Many groups today are reviewing

their purpose and their commitment to living it. This response to “purpose” reflects the growing influence of Taurus in the life of humanity leaning toward the expression of higher values, and aided powerfully by the recent Shamballa impacts in 1945 and 2000. ◇ Reflect.

◇ Examining our values is another expression of the Taurean influence. Are the groups’ values spiritual (love based and for the greater good) or are they primarily material (efficiency-time-money and quantity)? Clearly there is a need for some measure of both, but noble purpose becomes the underlying fabric for ‘spiritual’ values if placed first.

“The Taurian influence must now be regarded as being of exceeding potency today, particularly from the angle of the **subjective spiritual values**; it is Taurus which is the ruler and the guiding influence of that which is occurring everywhere.” (EA, 375)

◇ Reflect on the groups of which you are a part or which you share responsibility for influencing and guiding. Consciously bring in the practice of goodwill to move them forward – thereby releasing your intelligence along constructive lines which, like diseased trees in a forest, “fall” modes and actions of separation and misunderstanding.

“He (the Christ) anchored on Earth “the Will of God in the **matrix of love.**” (R&I, 527)
Values expressing Love are spiritual values. Practices are agreements for living in accord with higher values. “Goodwill is the simplest expression of true love and the one most easily understood. The use of goodwill in connection with the problems with which humanity is faced releases the intelligence along constructive lines; where goodwill is present, the walls of separation and of misunderstanding fall.” (POH,118)

◇ Think of a group which you admire that appears to be operating at a high level. Look deeper to see how they are living by these values and principles.

In such a group, do you see present *the rule of* (see first quote above on page 3): “**directed purpose** by the disciple or initiate” and “**intelligently expressed will—actuated by the impulse of love—** ... This connotes **adherence to soul purpose.**”

◇ Using the eye of vision, notice (call to mind) groups operating with the above principles and values. Find ways to communicate this pattern to groups in your circles, to the world at large – to inspire and reflect these higher ways of working together that will bring in the good for all.

The energies of Taurus (of Venus and Vulcan as rulers) when directed through the Ajna center, will support higher vision and refine group activity to change the world for the better.
