

CANCER SOLAR FULL MOON RITUAL - 2018

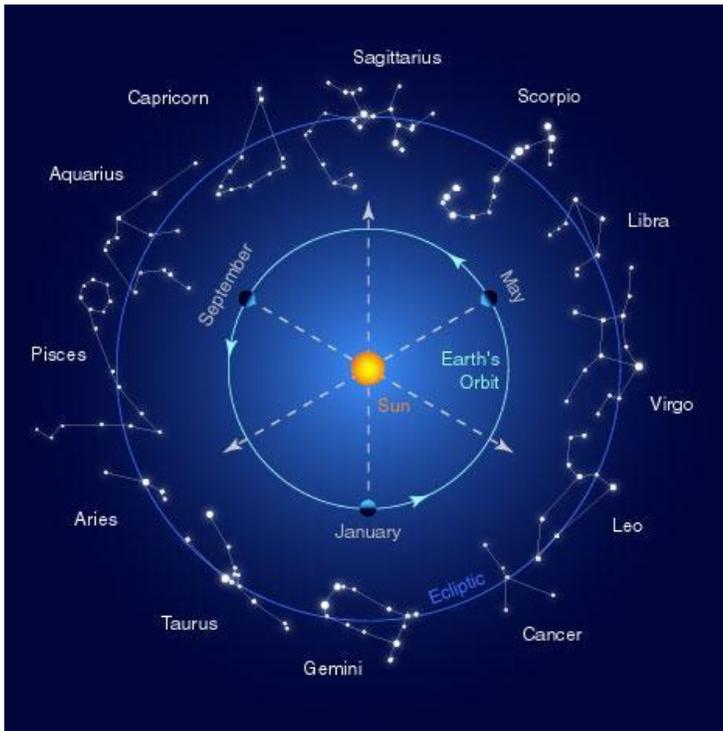

MEDITATIONS AND DIAMOND SOUL PRACTICES: Days One – Three (of Seven)

In Service of the Christ & the Great Ones Manifesting the Plan for the Flowering of Humanity

THE FOURTH LIGHT – CANCER, THE LIGHT WITHIN THE FORM

Let us be reminded: “The entire theme of the zodiac can be approached from the angle of light and its unfolding and increasing radiance and of the gradual demonstration in what I have called

elsewhere, "the glory of the One." The mode of the development of this inner light and of its externalization must remain—from the standpoint of its cosmic effects—one of the secrets of initiation and this for a long time to come. It will, however, not be out of place if I were to give symbolically **certain phrases and sentences which will indicate (for each sign) this "growth of light in light,"** as it is esoterically called, bearing in mind that we are attempting to express conditions connected with the soul whose essential nature is light. This soul-light affects the form as evolution proceeds and produces sequentially the revelation of that form, and of the nature of space-time as well as of the goal." ... "A study of the above thoughts will reveal the symbolic story of

the irradiation of matter, of the growth of the light body within the macrocosm and the microcosm, and finally make clear the purpose of the Logos." (EA, 328/9)

KEYWORDS of the Soul: “In the Words given for this sign, the Word of the soul indicates the **objective** of the Cancer experience and **the purpose** for which incarnation has been taken – **“I build a lighted house and therein dwell”**.”

The Ever-Presence of Life manifests through ritually created, incarnated, ever more perfected, consciously lit forms.

For the Disciple/Initiate:
“The Whole is Seen as One”

DEEPENING TRUE SOUL REALIZATION

In the times and seasons we rhythmically and intentionally set apart for simultaneous group meditation, group spiritual approach to divinity and entry into the Life Energies of the Constellations (Signs) and the Mysteries of Initiation, we are accelerating the unfoldment of our Inner Divinity – OBJECTIFYING THE LIGHT WITHIN THE FORM. In our deepened Soul work, heightened alignments with Life energies, and contact with Those Who know, we are shown more upon “the Way”.

The “New Mind of Christ” becomes the “Risen Christ” in us as the twelve potencies of the Heart Chalice are stimulated, awakened and conferred — in due course and time fully opening to reveal the inner God, a Son-of-God (Sun-of-God) walking upon the planes of earth “serving, saving and redeeming.”

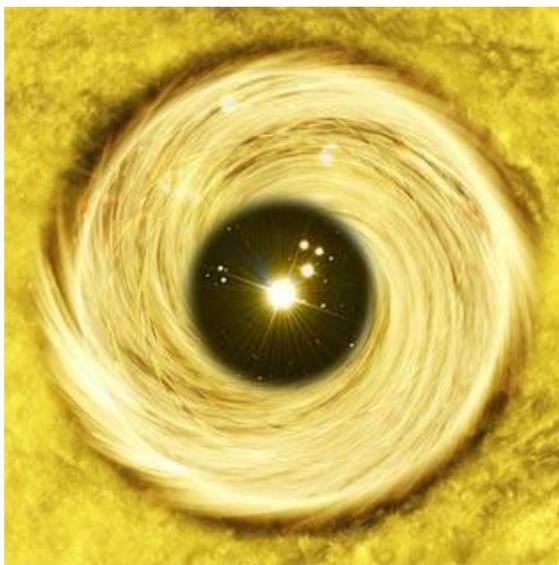

*As we consciously tread the Way round the zodiac, absorbing and distributing its energies, the True Soul – the encoded “Risen Christ” comes forth in ever greater strength and measure. We become **That Which We Are** – in fact and in Truth, a microcosm of the ONE SELF.*

Throughout each month, heightened potently during the 7 Day Full Moon periods, we make conscious contact with the energy of the Angels of the Signs working in concert with the Solar Angel, stimulating a corresponding petal in the Chalice of the Heart.

MEDITATION, CONTEMPLATION and DIAMOND SOUL PRACTICES

CANCER – The Light within the Form

This is the diffused Light of Substance itself, the "dark light" of matter, referred to in The Secret Doctrine. It is the light awaiting the stimulation coming from the Light of the Soul.

MEDITATION PREPARATION

I. "THE BREATH IS THE LIFE POURING THROUGH ALL THE CENTERS"

◇ We sound forth the sacred Word, **OM** (silently or aloud) – its vibration resonating through all the centers ... as we come into the peaceful Presence of the Soul.

◇ We consciously attune with the life energy of **Cancer pouring through the Heart of the Sun and streaming into our Solar System** – as **That in which we live, move, breathe and have our Being**.

Standing in the down-flow of these Life energies, we breathe in "the Breath of Life" from the Heart of the Sun/Son—the Son of Divine Love "pouring through all the Centers"... irradiating, infusing and suffusing all the Bodies.

OM

◇ With a conscious "Breath of Life pouring through all the Centers", **AUDIBLY** sound forth the Sacred Word, **OM**, **dissolving and releasing atoms of lesser vibration** (visualizing and sensing their release).

◇ With **conscious, intense spiritual Aspiration** (inwardly reaching as *high* as possible, attuning in true Devotion with Christ Love and Light) – **SILENTLY** sound the Sacred Word **OM whilst breathing the "Breath of Life" drawing in atoms of higher vibration ... pouring through all the Centers ... irradiating the mental body with Light ... infusing the emotional body with Love ... suffusing the vital etheric body with Life ...** ◇ Feel, sense a new Fullness / Wholeness arising ... balancing, healing and enlivening.

◇ In the moments that follow, let us be aware of solar-infused Cancerian Light – the Light of Substance flowing *into the vibratory field environment in which we live, move, serve and have our Being— infusing and heightening its vibration.*

Take a moment to *realize* that every intentional, **conscious Breath of Life with the sacred WORD OM sounding intending to penetrate deeper into the True Soul (Soul Self)**, assists in parting the veils to Its Ever-Presence; an expanding awareness of the Plan of God for Humanity and the Earth, the work of the Ashrams to which we belong and that of the Christ are increasingly made known. The bridge to Soul and beyond is built – ascending / descending ... descending / ascending.

II. CONNECTING WITH THE SOLAR ANGEL *and* ANGELIC INTELLIGENCE OF CANCER

◇ Continuing with the "Breath of Life", we **bring our awareness** to the "**Twelve-petalled Heart in the Head**" of the 1000-petalled lotus of the Crown center.

◇ With conscious intent, **come into resonance with the Angels governing Cancer** (4th petal) **and the ever-Presence of the Solar Angel calling us into vibratory relationship – OM.**

◇ In the moments that follow, *breathe / commune with the vital Presence* of the Angels as Their lighted Intelligence, loving Presence and specialized Powers *touch and unfold* the inner Christ – the Son / Daughter of God.

◇ On an out-breath, **SILENTLY** sound forth the Sacred Word ~ **OM with Them ... as intelligent Light, renewing Love and vibrant Life** pour through all the Centers ... irradiating the mental body, infusing the emotional body, and suffusing the vital etheric body ... as One Whole.

◇ Continuing with "the Breath of Life pouring through all the Centers", follow the Life energy streaming **through** the Crown Center ... momentarily bringing your awareness to the Ajna, Alta Major (top of spine/base of skull), Throat, and Heart Centers ... continuing through the central spinal column – *gently cleansing, infusing and heightening each Center with new Life*. The energy continues flowing naturally on its own, a portion flowing out through the minor centers in the soles of the feet and into the earth, "Blessing the Earth upon which we walk" ~ **OM** (*sounding silently or aloud.*)

Follow the energy as it circulates, re-ascending up the central spinal column "returning *Home* whence it came" to the Crown, completing the circulatory flow ~ **OM** (*sounded silently or aloud.*)

◇ **BE now in the radiant flow of this circulating energy.**

Note: Force nothing, simply follow and allow. Some may experience this energy flowing up and down the central spinal column, and others as a great ovoid or *torus* of dynamic circulating Life – a perpetual fountain of Life Energy descending and ascending in all directions without cessation. Observe what happens for you whilst *breathing the great Breath of Life*.

Here within our own Body is a *real* symbolic Truth of the Pilgrim's journey – of the Monad (Spirit) in extension, journeying forth from on High deep into matter for the purpose of "saving and redeeming" whilst returning to the Father's Home in the Crown.

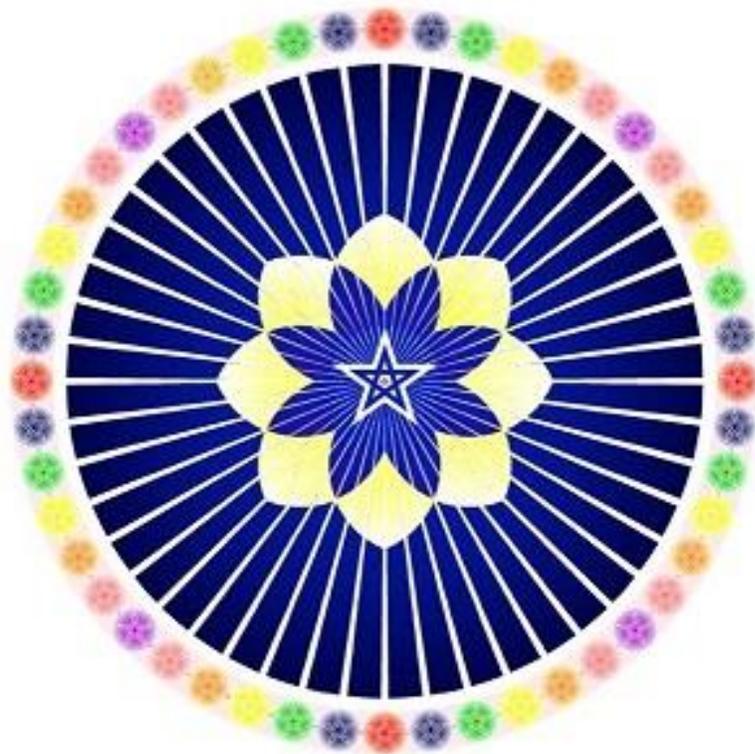

◇ **In right timing, sound forth the Sacred Word, OM, confirming and sealing in the new vibration ... with gratitude for the Gifts of the Angels.**

III. THE SOUL STAR GROUP – “THE SOUL IS GROUP CONSCIOUS”

Moving Together As One in “Group Approach to Divinity”

◇ In the prepared and enlivened state in which we now stand, we widen our Awareness ... seeing

ourselves standing inside a large circle of *Participating Souls*, gathered and gathering as the “*Soul Star Group*” – *purposed* to work in “Group Approach to Divinity” – in the *Company of the “Great Ones”*. ◇ See all Souls herein gathered as *radiant spheres of Living, Lighted Love and Holy Will*. OM.

◇ *Sounding the sacred Word, OM, (silently or aloud), in one simultaneous movement, we extend a ray of love and light to all Souls herein gathered ... together forming one fluid “sphere of Christ Light” – energized and infused by all our Soul Ray qualities, Virtues and Powers.*

◇ Let us now turn our ‘subtle sense Awareness’ to the *auric field of the Great Ones*. ◇ **Standing now in Their**

vibrational Presence, together and as One, we extend a ray of Soul Love to Them – and to the Heart of the CHRIST standing ever in *Their Center* – the five-pointed Star, His symbol. OM.

◇ Let us *feel His* – and *Their* Light and Love and Strength returning to us, infusing in blessing the Soul Star Group ... and all consecrated Groups working on behalf of the Plan of God for the flowering of Humanity. OM

◇ The energy field thus created is as “*one great Sphere of radiant Light and Love*” energized and infused by the Presence of the Christ and Masters of Love Wisdom, and by all our Soul qualities, Virtues and Ray powers ... Extending far and wide, we serve Humanity and all serving groups round the globe, *presencing on Earth a healing, redeeming, saving force ... Preparing the Way.*

We are affirmed in the “joy of participation in the Masters’ plans” knowing that “all is well that associates [us] closely with Them.” (TWM, 368/9)

– As a group, we **sound forth the Great Invocation in Blessing** –
– *Aware of One Mind, One Heart, One Group Soul* –

DIAMOND SOUL CONTEMPLATIONS and PRACTICES in the SIGN CANCER

AN OVERVIEW of the SIGN CANCER

The Summer Solstice that occurs in the sign Cancer is a planetary time for “ascent towards higher receptivity”. **It is a time to meet the “highest possible contact with down-pouring energies”.**

"It is a time to manifest our inner life" as living souls for the purpose of building *lighted houses*. In the meeting of Spirit and Substance, Father and Mother, we witness and participate in solar life expressing through our increasingly solarized (*solarizing*) or Christed forms.

Spirit descends through mental (Aries), through astral (Taurus) and through etheric (Gemini) in fields of *physical manifestation*. The will of Spirit is to incarnate in Matter substance through forms created in accord with the Plan of God held in the Mind of God. **All forms destined to serve the will of God become *lighted houses*** (*this last line can serve as an ongoing contemplation for the month*).

During this month, let us be witness to life manifesting in all its ways, seeing life unfolding and expressing through **lighted forms**. Whatever may be going on around us through the vicissitudes of life, let us not miss a single day meant for “*living moments*” – “*holy instants*” of consciousness oriented to *lighted houses* – and of seeing the *Whole as One*. Holy instants in the sign of Cancer occur as we perceive “*lighted houses*” incarnating ... leading eventually to the constant perception of “the whole is seen as one”.

In a lighted house garden sanctuary, a little brown bird suddenly appeared, happily chirping as it approached a bird bath in the shape of a large heart leaf. The little bird, unaware of anything but the joyous experience of a warm rising sun and the discovery of clean fresh water for a morning bath immersion – was simply *being itself* and doing what birds love to do. Two conscious humans sat nearby witnessing this small wonder of sounding song and activity – a holy instant of life in expression, in a magical garden closed off from the more complicated world around it. Ensnared in conversation of life in the higher worlds descending into incarnation through perfecting forms, it was a perfect moment. In the sanctuary of this garden, all was well and completely safe for the little brown bird – as it should be, whilst another life in the form of a beloved cat-being slept nearby in luxurious peace ... basking in the warmth of the rising sun and the love field created by the humans who love her. From the perspective of a still larger whole, Who was watching the humans and the life unfolding in them in this moment? All was well under the sun in this “holy instant” of created manifestation – a lighted house.

“The secret of the Cardinal Cross is the secret of Life itself ...” Let us not be distracted from the greater Truth of Life incarnating on earth. In the midst of all seeming, life is ever-present.

In Cancer “lies hid the whole problem of the Law of Rebirth. Reincarnation is implicit in the manifested universe and is a basic fundamental theme underlying systemic pulsation.” (EA, 312)

DAY ONE

“This sign can carry deep meaning to all. You are in process of incarnation; you are following your chosen way. Is the house you are building, yet lit? Is it a lighted house, or is it a dark prison? If it is a lighted house, you will attract to its light and warmth all who are around you and the magnetic pull of your soul, whose nature is light and love, will save many.” If it is a dark prison, “isolation, loneliness and separation in the dark night” will be experienced. Yet, this is “all part of the Great Illusion”. It is, however, an illusion into which the whole of humanity is now precipitated **in preparation for unity, freedom and release. Some are lost in the illusion and know not what is reality and truth. Others walk free ‘in the world of illusion’ for the purposes of saving and lifting their brothers, and if you cannot do this, you will have to learn so to walk.**” (EA, 343)

◇ Consider the Idea of the Word of the soul that **“the purpose for which incarnation has been taken is to build a lighted house and therein dwell.”**

◇ **Realign with the Angels – the Solar Angel and the Angel of the 4th petal of Cancer, to guide you in these reflections.**

Let us contemplate now the purpose for taking incarnation, time after time – which is to “build a lighted house and therein dwell.”

Consider if you will that this is your highest/deepest life purpose – at least for this month.

Does this make Soul sense to you? ◇ Contemplate with the Mind of Christ to clarify, enlighten, inspire and lead you to live purposefully with this *in mind*.

◇ Consider the forms you have built or are working to build. Consider your personality and its vehicles as your creations. Are they lit? Are they sources of light and warmth? Are they purposeful constructions – have you been working on them in light of your evolving Christ Mind?

Consider why some of your forms are lit and others are dim or dark? What are you doing or not doing, thinking or not thinking (every thought is a thought-form), living or not living ... in the form-building process?

◇ Now consider those forms which are manifestations of beauty ... constructions of Light and Love that the Soul would have them be as ***temples built unto the Lord***. CONTEMPLATE.

Throughout this day, see Lighted Houses *everywhere*.

OM

DAY TWO

Continuing with the theme of building a Lighted House and therein dwelling, yesterday our focus was on the house of the personality. Today we will work with the soul or Christ Light to enhance the soul nature of the inner form and the outer forms we create in service.

◇ **“In [the sign] Cancer, God breathed into man's nostrils the breath of life and man became a living soul. In these words, you have established the relation which exists in the mind of God between spirit (the breath of life), the soul (consciousness), and man (the form)”.** (EA, 313)

CONTEMPLATION ◇ Let us remind ourselves of our divine origins – we were *inspired* with the Breath of Life from the Creator and *created in His image, taking incarnation through the gate of Cancer.*

◇ Let us now create a story line, a spiritual line of thought, that continually reminds us of our divine origins and our divine nature, to help us ‘live this Truth’ on this day and every Day. For example:

I am made in the image of God – I am a fractal of the divine Hologram. Within me lives the divine blue-print of my God Potential. As living Souls on Earth, we *realize* this Potential in Cancer through building Lighted forms.

As we consciously breathe the “breath of Life” into ourselves (the Personality) and our creations, these creations become solarized – and soul-likened.

We can say and affirm that ‘with every conscious breath of Life I breathe, the Life (Spirit) and the Soul (consciousness) indwell my lighted forms’.

◇ **“With the *advent of soul light, forms become “a perfect expression of the Soul”.*** (EA, 314)

The gift this petal confers is the soul power to magnify the light in every form, thereby unfolding its God given potential and contributing to the manifestation of “Heaven on Earth.” Consider the forms whose light you are currently cultivating and those you are called to magnify. Remember, it is your soul light that cultivates and magnifies: *“My Soul Doth Magnify the Lord my God ... and my Creations.*

Are we making forms according to tired prototypes of yesterday and today, or are we future oriented, creating forms built with the Soul light of higher values? Do our manifestations draw upon, inspire and unfold the potentials of the Soul nature within us – personally, collectively and for the one Humanity?

Seeing the systems of the world – religious and spiritual, educational, health, judicial, political, financial, environmental, agricultural/food, industrial, technological, scientific, social, prison reform, housing / architectural, ... what would these ‘houses’ look like if Soul Light was expressing

through them? See them from the highest spirit/soul nature that you are capable of. What would they be like, how would they appear to the eye of the *inner Christ*?

How would they be *better serving* the higher good?

- ◇ Throw the light of your soul into the forms you see today – into those you deem could be made more *true*, more “right”, more harmonious, more beautiful and more truly highly useful ... for the Soul of Humanity to come forth. Breathe the power of *your Life and Love and Light* into them.
- ◇ With forms unworthy or on their way out, withdraw your attention. We “let go and let God”.
- ◇ Build anew.

OM

DAY THREE

Cardinal Signs (the four Signs of the Cardinal cross: Cancer-Capricorn, Libra-Aries) bring the big picture and refer to Universal Truths, Principles and the Purpose of the Great Lives in Whom we live. Today we will work with the “objective of the Cancer experience and the purpose for which Incarnation has been taken.”

Cancer is one of two gates into incarnation (along with Capricorn). “The objective of the Cancer experience is manifestation” of the Will of God on the physical plane. Through the continuous return to incarnation (reincarnation) – to incarnate as living souls, we complete the saving and lifting work we came here to do. Master DK tells us one of the first teachings Christ will give Humanity when He reappears as World Teacher will be the fact of continuous rebirth or reincarnation. It is the fear of death and ultimate extinction that makes humanity susceptible to the desire for material acquisition vs. spiritual evolution, and the current grip of materialism today can be understood from this perspective. As humanity grasps this truth, the fear of death and lesser fears will recede and the grip of materialism will be broken.

With our focus on “walking free in the world of illusion for the purposes of saving and lifting”, we first need to understand why we are not free. Master DK tells us that the fear of death and the emotion of hatred are a result of separation from our Source of Life – and are the primary causes for the illusions and glammers humanity faces.

The emotion of hatred and fear of others is on the rise today. We can only build lighted houses in ourselves, in our relations with others, and our creations as the illusion of death and separation are overcome. On Day Two, we were urged to remember our true Identity and divine Origin that sets the conditions for overcoming separation, leading to unity and relationship.

Remembering the Gifts from the *Light* of Cancer helps dispel illusion – *Reincarnation* and the *purpose for incarnation* which is to build *Lighted Houses* – helps make it possible to *walk free* within the world of form.

(EA, 343): “ ... If it is a lighted house, you will attract to its light and warmth all who are around you and the magnetic pull of your soul, whose nature is light and love, will save many.” ◇ Reflect.

“If it is a dark prison, **“isolation, loneliness and separation in the dark night”** will be experienced. Yet, this is **“all part of the Great Illusion”**. It is, however, an illusion into which the whole of humanity is now precipitated **in preparation for unity, freedom and release. Some are lost in the illusion and know not what is reality and truth. Others walk free ‘in the world of illusion’ for the purposes of saving and lifting their brothers, and if you cannot do this, you will have to learn so to walk.”** ◇ Reflect.

◇ Let us consider now the ‘dark prison experiences’ of “isolation, loneliness, and separation” **preparing us** for “unity, freedom, and release.” When we feel lost, lonely or separated from others and life, encoded within us is a “Call from the Soul for the Soul” for freedom from such conditions. We respond to “the Call” desiring the light and love of the Soul that has true perception and understanding and the power to make all things new, that has innate beauty and peace, recognizes the dignity of every person and overcomes separation ... it is these Soul truths and experiences that release us into the *freedoms* that lead to unity, the oneness of Humanity and the higher Worlds. **From this state of Christ Mind**, we naturally build lighted houses within ourselves that outwardly express as “lighted houses” in Humanity. ◇ Reflect.

◇ **“Others walk free ‘in the world of illusion’ for the purposes of saving and lifting their brothers, and if you cannot do this, you will have to learn so to walk”**. How is it then that *some can walk free in the world of illusion*? They see the world through the Mind and eyes of Christ, they vibrationally reflect the living Truths of the 5th kingdom – the Kingdom of Souls. As we so do, we begin to walk and live as the Masters of Love-Wisdom do in Their Consciousness, guiding the Race of Men. So can it be, and will be, for Humanity, the 4th Kingdom, on earth. ◇ Reflect.

Clarify your understanding with **any experiences** you have had **“walking free in the world of illusion”**. As we build our lighted houses (our 3-fold vehicles of expression), we gain steady access to higher Truths, to clear perception and to higher energy streams. Doing *this* work you will see ... and experience the clarified light and love of an illumined mind – made present. The natural response is Joy and a Love for all beings.

In summary, today, in the energies of Cancer, let us continuously remember: “I am learning to **walk free ‘in the world of illusion’ for the purpose of saving and lifting”**. I learn to walk free by building lighted houses.
