

LIBRA SOLAR FULL MOON RITUAL

MEDITATION, CONTEMPLATION, DIAMOND SOUL PRACTICES: Day SEVEN

In Service of the Christ and the Great Ones for the Full Flowering of the Plan and Humanity

⊙

“Libra admits the soul into the world Center which we call Shamballa, for it is the polar opposite of Aries which is the place of beginnings. Libra demonstrates the perfect balance of spirit and matter which first came together in Aries.” (EA, 168)

Libra and Aries stand in the heavens in polar relationship, and at the highest level represent the marriage in the heavens of spirit and matter in perfect balance.

⊙

PREPARATION: REINFORCING AND STRENGTHENING OUR INNER ALIGNMENTS

(Following is an abbreviated alignment; for those who choose the longer version, see Day Six).

“The Breath is the Life pouring through all the centers”. ◇ **The dynamic power of the OM Sounded forth audibly**, dissolves and releases atoms of lower vibration. ◇ Then, with intense spiritual aspiration, **sound forth the Sacred Word, OM, silently, drawing** in atoms of higher vibration pouring through all the Centers, lifting and redeeming, and returning to the Crown whence it came, feeling ourselves standing in this fountain of Libran life. ◇ Now stand in heart resonance with the Solar Angel and the solarizing Angel of the 7th Petal of Libra. In a stream of

pure Love, connect Soul to Soul with the Soul Star Group and the Masters of Love Wisdom— with Christ standing at the Center – sounding the sacred Word, OM. ◇ Resonate with the greater GROUP of which all groups are a part, gathered for the flowering of Humanity and the unfoldment of the Plan ... OM (*sounded silently or aloud directing energy into the Soul of Humanity*).

⊙

CONTEMPLATION: Standing in the Center – the Dome of Libra, the Hub of the Wheel

“Libra occupies a unique place in the Great Wheel, for it is the energy coming from this constellation which controls what we might call (for lack of a more suitable word) the **"hub of the wheel."** This is that point in intermediate space where the twelve zodiacal energies meet and cross. Libra, therefore, controls the **"moment of reversal of the wheel"** in the life of every aspirant, for there comes a moment in the cycle of lives wherein a point of balance is reached and a relative equilibrium is attained, and over this event Libra presides.” (EA, 183)

Whilst standing in the dome of the Libran glyph, at the hub of the wheel, let us absorb the following *ideas and contemplate them*:

“The basic purpose of Sanat Kumara [The Lord of the World in Shambhala] is to bring about right relations in every field of His manifested life. The encouraging factor is today that the activity of humanity itself is, for the first time, concerned with the entire subject of right human relations and how to bring it about. I would have you **reflect on this**, for it means that, again for the first time, **humanity is consciously responding to the will and intention of Shamballa**, even though without realizing the esoteric

implications. This is **of far greater importance than you can imagine, for it signifies a new relationship of a spiritual nature and deeply spiritual results.**"

Contemporary phrases such as: "We are the world" (song) ◇ "Do the right thing"
◇ "Stand on the right side of History" are simple but significant examples of the unrecognized manifesting influence of the will and intention of Shambhala.

"All this should give you some idea of the **synthesis** which expresses itself through the three planetary centres: **Shamballa, the Hierarchy and Humanity**. **These are responsible for the conditioning of the other planetary centres** [*the three lower kingdoms – mineral, vegetable, animal*] **and the consequent demonstration of divine intention.**"
(Rays and Initiations, 394)

◇ On this final 7th day, standing in the power point of balance under the Dome, we see humanity facing Great Decisions in relationship to its future and the future of all Kingdoms on Earth.

During this past year (2016/2017), we have seen worldwide the human family seemingly divided between two powerful forces – Nationalism, Globalism and the rise of fanatical ideologies. Nationalism today is based upon fear, loss of a sense of individuality and selfishness, and a cult of personality. A materialistic globalism, rather than benefiting the greater whole, is serving the selfish interests of large corporate and national powers. Militant and violent ideologies are asserting themselves on the world stage through terrorism and violence.

It is important that we see this as a result of the purifying effects of the Shamballa force bringing the whole of the current situation to light for all to see – making visible the choices confronting Humanity today for purification and redemption. As the Heart of love and Goodwill widens, Humanity can pass through the 1st Initiation and cooperate more fully with the spiritual Hierarchy in service of the Plan.

With this understanding, and from the power point of balance on the Noble Middle Way, what is Humanity's **right decision** in relationship to the earth and all life upon it?

If there were one decision that Humanity should make from this higher perspective to move us all forward, what would it be? What one decision comes to mind? Example:

"All Nations promote the well-being of planet Earth."

“Eliminate all nuclear weapons, freeing Nations from fear and fostering cooperation with one another, freeing resources for the betterment of the lives of their people.

Other thought decisions _____

Impress *your thought decision* upon the Soul of Humanity. Align yourself with those groups who are ‘so doing and being’.

Sound forth the Sacred Word, silently affirming and sealing in the heightening vibration of your decision.

⊙

Continuing - for those who want to move deeper into the potentials inherent in Libra, let us contemplate the following:

Enter the “dome”, the hub of the great wheel of Libra, the ‘Place of Peace’ deep inside yourself, the deep abiding Peace of the Heart of the Crown. Let this be a felt experience.

“Aries—Libra—The Sun (... an expression of the Great Bear) bring about that focusing of energy in the life of the disciple which makes it possible for him to function consciously and with intention upon the Path of Initiation. He enters the realm of the formless worlds because Aries, the sign of beginnings makes this possible; through the potency of Libra, he has succeeded in achieving that point of balance which makes the final escape from the pairs of opposites possible. **He now knows, through transcended feeling and from identification with the seen Vision, the true meaning of being.** This threefold process can also be covered by the three words: Sensitivity, Illumination and Inspiration.” (EA, 466/7)

CONTEMPLATE. *Be inspired.*

WE close with the Great Invocation remembering that the Great Invocation, a World Prayer, was given to humanity for the first time in human history by the Christ (in 1945) with the permission of Sanat Kumara, for the 'solar-rising' of Humanity.
