

## *PISCES SOLAR FULL MOON RITUAL- 2018*

### MEDITATION ◊ CONTEMPLATION ◊ DIAMOND SOUL PRACTICES

In Service of the Christ for the Full Flowering of the Soul of Humanity and the Plan

*BRIDGE OF GLORY - Roerich*

**“It is indeed and in truth from glory to glory that we go.”** (EP-I, 314)

### DAY SIX - FIRST DAY OF REGISTRATION AND DISTRIBUTION

Subtle expansions in consciousness during Full Moon times create changes in perception to 'see', 'sense' or experience new qualities, strengths and powers of the unfolding Soul. Subtle at first, the energies continue to *distribute*, and further gains are made as we give attention to the unfolding “new Mind of Christ”. **Let us remember that the true Mind of Christ refers to the triune Self of higher Mind, higher Love and higher Will.**

#### **RITUAL PREPARATION: Opening Alignment and Meditation**

◊ **Remembering “the Breath is the Life pouring through all the centers”**, we step into the peaceful **Presence of the Soul** ... and the wider Soul field, sounding the sacred **Word, OM**.

With intensified “**spiritual aspiration**”, we reach high into the Light of the Soul, breathing **in atoms of higher vibration** whilst silently sounding the Sacred **WORD, OM** ... flowing through the subtle bodies ... and environment, **near, far and wide**.

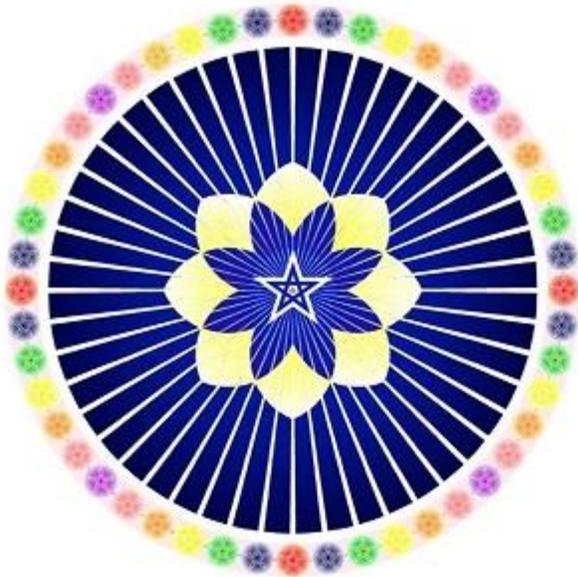

◊ **Remembering “the Breath is the Life pouring through all the centers”**, we stand in the **Glory and Beauty of the Cosmos** as the energy of Pisces pours through “the Heart of the

Sun" ... and the Mother of the World. Let us move into *That space* ... of the **Great Breath Breathing you – giving Itself ... as Life ... luminous Light ... and Universal Love pouring through the Heart of God ... and to us through the Chalice of our Crown. OM**

◇ We attune now with the **Solar Angel ... and Angel of Pisces governing the 12<sup>th</sup> petal** of the "**Heart in the Head Lotus**". Pause. We consciously deepen our attunement with the Angels – invoking Them to stimulate and/or make the needed '**energy adjustments**' to the Centers (of our subtle bodies) allowing for cooperative interplay. **OM**

†

### THE SOUL IS GROUP CONSCIOUS

◇ In the field of Pisces, as conscious Souls, let us expand into the prepared loving field of the **Soul Star Group**. ◇ In one movement, we extend Soul Light – *One to All and All to One* ... creating a living radiant field of Light and Love and unified vibration. **OM**

◇ Now as **One**, we come into resonance with the greater "**GROUP of Groups**" (the Ashram of the Christ) – that is the Spiritual Hierarchy in whose Center stands the **felt Presence of the Christ**. We pause in the Presence of This holy Field ... absorbing the emanating vibrations pouring forth from His Being.

◇ Through these inclusive, unifying group alignments, with the inner eye of the Soul, energy lines and waves of light can be seen linking all Soul Groups across the Globe – **vibrating in resonance with the Greater Group** of which they are a part. **Think of the groups you know and link with them now.**

We pause now to come into resonance with (in thought – or visualization) *the living Presence* of the great synthetic energy Field described as "**the great Potency of the Inner Groups**". **OM**

**Let us Be affirmed** in the Master's words of the "**joy of participation in the Masters' plan**" knowing "**all is well that associates you closely with Them.**" (TWM, 368/9)

◇ And "turning back, we save". From our inward focus, we **turn now upon our axis to face the world, extending the blessings of the Saving Force to a needy world** whilst sounding the Great Invocation, beginning and ending with the **Sacred Word, OM.**

~ Sound the Great Invocation ~

## DAY SEVEN

### FINAL DAY OF REGISTRATION / DISTRIBUTION

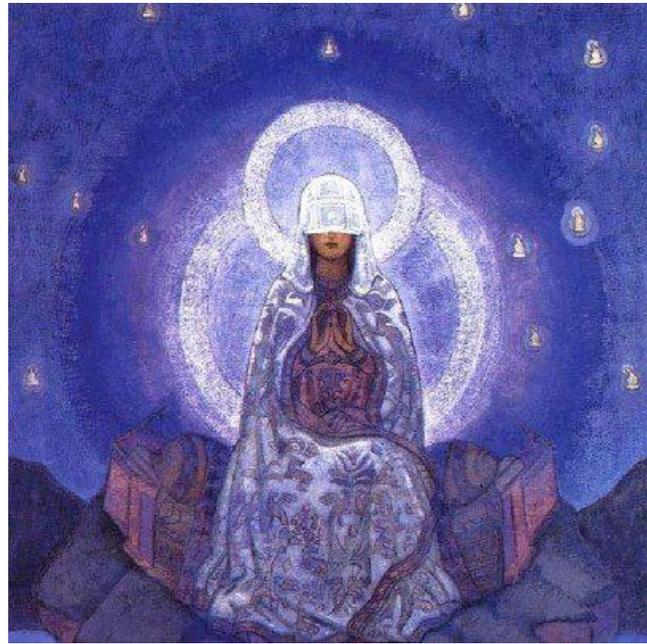

### PISCES –THE GREAT SIGN OF CONSUMMATION

Christ as **the world Saviour in Pisces**, completes the round of the zodiac, able to say triumphantly, "**It is finished.**" (EA, 167/8)

In the synthetic power of the Whole ("Pisces takes from all the Signs"), we experience the **beauty and power and glory of consummation**. Through consummation, we experience healing from separation. As the illusion of separation is *seen through* and negated, the separated parts are drawn together, the Whole is seen and we participate in it, all appearing entirely new.

The flowering forth of the "Good, the True and the Beautiful" is made possible as our highest ideals come to fruition, on earth as they are in heaven. A new order replaces the old.

## PISCES AND VIRGO

The fullness of each sign is revealed to us in union with its opposite sign. When Father unites with Mother, the Christ – Son / Daughter comes forth.

"Virgo nurtures the life of that second ray phenomenon, a Christ, the consummation of the task of matter and its elevation into heaven." (EA, 627)

"The form **reveals and releases** the indwelling soul. The Saviour of the world appears and nurtures the hidden souls in Virgo". (EA, 339)

"In this sign, the work is consummated and **the will of the Father works out through the Second Ray as the will-to-save.**"

CONTEMPLATE each of the above.

## THE SIGNIFICANCE OF PISCES ENERGY PERVADING THE WORLD TODAY

“Standing as the focal point of the inner Triangle—of the Buddha, of the Spirit of Peace and of the Avatar of Synthesis—the consequent outpouring potency of the Christ will be so great that the distinction between love and hate, between aggression and freedom, and between greed and sharing will be made lucidly clear to the eyes and minds of all ... and, therefore, the distinction between good and evil will be made equally clear. **The invocative prayer, "From the point of love within the heart of God, let love stream forth into the hearts of men" will meet with fulfilment. Christ will let loose into the world of men the potency and the distinctive energy of intuitive [ALL PERVADING] love.** The results of **the distribution of this energy of love** will be twofold:

1. Countless men and women in every land will form themselves into groups for the promotion of goodwill and for the production of right human relations. So great will be their numbers that from being a small and relatively unimportant minority, **they will be the largest and the most influential force in the world. Through them, the New Group of World Servers will be able to work successfully.**

2. **This active energy of loving understanding** will mobilise a tremendous reaction against the potency of hate. To **hate, to be separate, and to be exclusive will come to be regarded as the only sin**, for it will be recognized that all the sins—as listed and now regarded as wrong—only stem from hate or from its product, the [*separative*] consciousness. Hate and its dependent consequences are the true sin against the Holy Ghost [*third aspect of divinity*]... (ROC 111/12)

REFLECT: From separation flow all the wrongs man is capable of. Hate and its progeny stems from separation – from the Truth that there is only One Source and One Reality.

REFLECT on the meaning of this, and of the remedy.

REFLECT on why we speak so ardently of *Christs walking the planes of the Earth*.

### ①

"When He came before He said (and the words have been sadly misread):

**"I come not to bring peace but a sword."**  
(Matt. X.34).

"This will be true especially during the early days of His advent. The sword which He wields is **the sword of the Spirit**; it is **that sword which produces cleavage between a true spirituality and an habitual materialism. The major effect of His appearance will surely be to demonstrate in every land the effects of a spirit of inclusiveness**—an inclusiveness which will be channeled or expressed through Him... The cleaving sword of the spirit will—**without wounding**—bring revelation and indicate the first needed step towards human regeneration. ...” (ROC, 110/11)

REFLECT on our world today *in the light of the Sword of the Spirit, and what is to come.*

**Allowing the potency of the Truth of these thoughts to penetrate and be lived ... sets our “hope and expectancy” on fire.**

*LET US LEARN: Life energy comes to us as the energy of “Potential Good” in line with the Plan.*

*Potential is the pure energy of Spirit driving manifestation. Potential is built into the fabric of the universe, encoding every underlying layer of manifestation. Know this and look for it behind every problem, behind all strife and conflict, behind all destruction, behind every new birth – Potential Good is a beating Heart stronger than any presentation of current reality.*

*As we stand in the energy of Potential Good, we open the gates to a magnetic center that is the Future Pull of a higher Will-to-Love.*

*As we come into a true vision of the Plan and what is to come, as we offer ourselves as channels for manifesting higher Love in action, we participate in bringing the Plan of Potential Good into fruition.*

*Let us not be obscured or illusioned by any current state. Let the Vision be more real than what ‘appears’ on the ground of ‘apparitions’ of the three-fold world.*

*Standing in the Vision, envisioning that which wants to unfold, whilst the energy of Potential pours through all world serving groups ... through you .... and through the world – a new world is being born.*

**LAST ACT:**

***WHILST SOUNDING FORTH THE SACRED WORD, OM, LET US STAND WITH THE CHRIST and SPIRITUAL HIERARHCY, RELEASING “THE POTENCY AND DISTINCTIVE ENERGY OF INTUITIVE LOVE” PERVADING ALL OUR RELATIONS AND CREATIONS.***

**OM**

---

With this twelfth Sign we conclude this round of our journey around the zodiac, nurturing and unfolding the New Mind of Christ *within* (esoterically stimulating 12 petals of the Heart in the Head). Through Ages of time, humanity traverses the zodiac microcosmically embodying its qualities, powers and potentials – to become God-Men. Yet through self-chosen *conscious* evolution, the earlier necessity for time is greatly reduced and eventually negated. Whether through slow evolution or conscious acceleration, what is finally *achieved* is the revelation of a consummating Glory, a Crowned Glory of Light, Love and Power aglow with abundant Life – *Giving All. Reflect.*

After Pisces, we begin again, now upon a foundation of what has gone before. With greater awareness and illumined consciousness the spiral turns ever upward to encompass more of Reality. Having embodied greater Love and Truth, with every conscious passage we stand upon a firmer foundation built by *the Real – the God Within.* ◇ **OM**

(FINIS)
