

**PISCES 7 Day SOLAR FULL MOON RITUAL OBSERVANCE**

*In Service of the Christ and the Great Ones for the Unfolding Soul of Humanity*

**BRIDGE OF GLORY** - Roerich

*“It is indeed and in truth from glory to glory that we go.”* (EP-I, 314)

**PISCES – THE LIGHT OF THE WORLD**

**The Light of the World. This is the light revealing the Light of Life itself. It forever ends the darkness of matter.** (EA, 330)

*“Christ in us is born anew” in the times and seasons rhythmically and intentionally set apart for simultaneous group meditation, group approach and entry into the Mysteries. In our deepened Soul work, heightened alignments and contact with Those Who know, we are shown more upon “the Way”.*

*The “new Mind of Christ” in due time becomes the “Risen Christ” as the twelve potencies of the Heart Chalice are naturally stimulated, awakened and conferred — in due course and time fully opening revealing a Son-of-God, the inner God walking upon the planes of earth “serving and saving”.*

*As we consciously tread The Way round the zodiac, absorbing and distributing higher zodiacal energy, a further activation of the True Soul – the encoded “Risen Christ”, gradually comes forth into Being and ever greater measures of glory. We become **What We Are** – in fact and in Truth – a microcosm of the ONE SELF – “**I am as God created Me**”.*

In addition to growing the mind of Christ in us, we strengthen our work with this Sign by recognizing another aspect extremely relevant to the times we live in today. This is the recognition of the necessity of form life as new and better forms emerge in accord with a higher Will.

We tend to associate Pisces with the world savior and world salvation through the second ray love aspect that the Christ embodies. Another aspect of Pisces is its role of creating conditions for world salvation through the agency of Pluto, a planetary transmitter of first ray power which breaks apart the old in order for the new and higher good to emerge.

“Pisces is particularly potent at present in the life of Humanity owing to its being the sign which is now passing out of influence as we progress upon the great wheel of the zodiac. It is this sign with its combination of energies which has produced such a potent vibratory activity in Humanity that it can successfully and eventually enact the role of World Saviour. Of this salvation, Pisces is the sign. Pisces is also the sign of death, as you know, and in its death aspect we see the Piscean correspondence to the first aspect, the destroyer aspect of the Logos. This death aspect is naturally active at the close of the Piscean age and is consequently bringing about the present death of form in all the three worlds.” EA, 437/8

REFLECT on these two aspects of Pisces active in the world today.

**The following pages contain the daily Meditation in two parts – personal and group, followed by Study and Contemplative Diamond Soul Practices.**

### A SIMPLE RITUAL

**We begin by entering sacred time – no past, no future, only NOW.**

**We enter sacred space – Soul space ...**

**Lighting a candle – a light in the mind ... sounding a bell tone ...**

**Summoning the Angels ...**

**Allowing *music* to flow through us, opening the heart, the door to the Soul.**

## CREATIVE MEDITATION

### I. "THE BREATH IS THE LIFE POURING THROUGH ALL THE CENTERS" and the SACRED WORD, OM

◇ We now come into the living (vibratory) **peaceful Presence of the Soul; through the conscious breath of Life pouring through all the Centers, sounding the SACRED WORD, OM.**

◇ *Consciously attune with the Life energy of Pisces, streaming into our Solar System through the Heart of the Sun – "The Son of Divine Love" ... and the Mother of the World of Earth ... through Shambhala – "where the Will of God is Known", through the Christ and Spiritual Hierarchy – "where the Love of God is manifest", through Humanity where the Creative "Intelligence of God is producing the evolutionary process" ... to and through all the Kingdoms of nature. OM*

Standing in this down-flow of these life and light energies, we breathe the "Breath of Life" pouring through the Crown Center and all the Centers .... irradiating, infusing and suffusing all the bodies of the lower vehicles (mental, astral and etheric/physical body respectively). OM

◇ With a conscious "Breath of Life pouring through all the Centers", **AUDIBLY** sound forth the Sacred Word, **OM, disturbing and loosening, dissolving and releasing atoms of lesser vibration.**

◇ Now with **conscious, intense spiritual Aspiration** (inwardly attuning *high*) – breathe in the "Breath of Life", **drawing in atoms of higher vibration, whilst SILENTLY** sounding the Sacred Word, **OM**, pouring through all the Centers. ◇ Sense new Life, new light, new love pouring in ... balancing ... enlivening ... healing.

◇ Take a moment to *realize* that every intentional, **conscious Breath of Life, aware of the sacred Word OM sounding**, is a deeper entry into the *True Soul (the Soul Self)* – making a truer and fuller contact with Reality, further awakening and expanding our *Awareness – our Consciousness*, parting the veils to *Its Ever-Presence* ... creating a wider bridge for True Soul contact, infusion and descent.

### II. CONNECTING AND CO-OPERATING WITH THE ANGELS

◇ Remember the 'ever Presence' of the Solar Angel as we focus our attention on the Crown Center above the Head – the **"Twelve-petaled Heart in the Crown"** of the 1000-petaled Lotus.

◇ With conscious intention, come into resonance with the Angel(s) of the 12<sup>th</sup> Petal (Pisces) and the ever-Presence of the Solar Angel – calling Them into vibratory relationship with us. OM ◇ In the moments that follow, let us **breathe with the vital Presence** of the Angels as Their lighted Intelligence, loving Presence, and specialized Powers *touch* and work with us. **OM** ◇ On an out-breath, **SILENTLY** sound forth the Sacred Word, **OM**, as renewing Life energy pours through all the Centers ... irradiating the mental body, infusing the emotional body, and suffusing and enlivening the vital etheric body.

◇ Once again, as “the Breath of Life pours through all the Centers”, we follow with awareness the vital Life energy flowing from the Crown Center, pausing briefly in awareness of the Ajna ... Throat and Alta Major (top of spine), pausing at the Heart Center bringing it into relationship with the Heart in the Crown ... continuing to the base center—*each Center heightened with new Life*.

The energy flows naturally on its own ... a portion flowing out through the minor centers in the soles of the feet into the earth "Blessing the Earth upon which we walk".

◇ With the next in-breath of Life, SILENTLY sound the Sacred WORD, sensing energy rising lifting each Center re-ascending the central spinal column ... returning *Home* whence it came to the Crown, completing the divine circulatory flow. Pause.

Note: Force nothing, simply follow and allow. Some may experience the flow of energy as a great ovoid, a *torus* of dynamic circulating life – the true “perpetual fountain of youth” descending and ascending, flowing in all directions.

Here within our own Body is a great *real* and symbolic Truth of the Pilgrim’s journey –the Monad (Spirit) in extension, journeying forth from on High deep into matter for the purpose of “saving and redeeming” in the return journey home to the Father in the Crown.

◇ For a few moments now, “*Let us BE*” in the radiant flow of circulating energy – standing in this fountain of down-pouring and up-rising energies ... achieving that sense of constancy and continuity of filled-fullness ... receiving and giving.

◇ In timing that is right for you, we sound forth the sacred Word, **OM**, sealing in (confirming) the new vibration.

OM

*We continue the Meditation below with the Soul Star Group in Group Approach to Divinity*

### III. THE SOUL STAR GROUP – “THE SOUL IS GROUP CONSCIOUS”

*We link with the Greater Groups in Unified “Group Approach to Divinity”*

◇ In this enlivened, expanded state we widen our awareness to **see ourselves standing inside a large circle of Souls**, gathered and gathering with Participating Souls in the “**Soul Star Group**” – *purposed* to work in “Group Approach to Divinity” in resonance with the “Great Ones” – the spiritual Hierarchy and “The Christ”.

**Let us see all Souls herein gathered as radiant spheres of living, lighted Love and Holy Will. (Pause)**

◇ We **Sound the sacred Word, OM**, aware of one Soul Group vibration, **confirming** one radiant sphere of “Lighted Love and Holy Will” ... energized and infused by all our unified Soul Ray qualities, powers and Virtues ... in the “Light of Life Itself”.

**– Let us be aware of the growing realness of One Group Soul – One Mind, One Heart, One Body.**

◇ **Sound forth the sacred Word OM confirming the new group vibration.**

†

*Continuing*

#### IV. COMING INTO RESONANCE WITH THE CHRIST AND HIS ASHRAM (The Spiritual Hierarchy)

◇ We now *turn our face* to the five-pointed **Star**, symbol of **The Christ**, radiantly standing in the Center.

◇ Allowing our subtle senses to open ... intuit the field of expansive, all-inclusive Love, Purpose and Power *that is The Presence of the Great Ones – the Christ and His Disciples, and “the great potency of the inner Groups” – 49 Centers that are the Ashram of the Christ ... surrounding Him* as dynamically pulsing centers of Holy Light, Love, Will and Power.

◇ Remembering His Words: *‘When two or more are gathered in My Name, Wherever Thou Art, I Also.’*

**Sounding a silent OM in the all-giving, magnanimous Heart Presence of the Christ and the Great Ones –**

**Knowing ourselves in relational resonance with Them, we live and serve.**

In this great **“Heart of Love and Life”** emanating, infusing and magnifying His radiance streaming through all **“Participating Soul Groups”** committed to distributing Love and the outworking of the Plan of God – we stand.

**We see His Star shining forth from the great magnetic Center.  
In This Light ... In This Love ... In His Life, we Stand (in the aura of the Christ).  
“We with Him—He with Us”**

◇ As a Group, we pause now to receive the return flow of Loving Light and Will-to-Good Power.

Take time now to intuit, feel, sense into the Soul Star Group pulsing as *one living, beating Heart* in unified group vibration, filled with new Virtue of the planetary Christ vibration ... flowing through the **Soul Star Group ... and all Groups gathered in His Name.**

◇ One with 1000’s of radiant spheres of Group Lights, **we turn now to face the world – blessing the Earth, evoking the Soul of Humanity and all Soul-inspired projects and activities redeeming, uplifting and building the new World ... We now sound the Great Invocation** (see next page).

*TOGETHER, we SOUND THE GREAT INVOCATION –*

*Standing in the Soul Star Group, let us visualize the Group receiving and giving as a “relaying channel” the energies of the Christ, extending His Love and Power to and through the Heart and Soul of Humanity ... thereby infusing and irradiating the World with renewing powers of Christ Love, Light and Holy Will.*

## THE GREAT INVOCATION

*The Sacred Word, OM*

*Is sounded three times – Once each for Light, Love and Power*

(Through dynamic visualization, alignment with the Group of Groups, and sounding forth the GI with conscious intent, the soul of Humanity is enlivened and evoked into fuller expression).

◇ Throughout this day, “come here often” – consciously entering *the aroma* of the magnanimous Soul Star Group infused with Piscean / Aquarian Christ energy ...

◇ We are affirmed in the Master’s words that in the “**joy of participation in the Masters' plans ... all is well** that associates you closely with Them.”

Continue below with the CONTEMPLATIVE DIAMOND SOUL STUDY and PRACTICE FOR DAY ONE

(these practices for study and contemplation can be continued throughout this month)

## V. CONTEMPLATIVE READING and DIAMOND SOUL PRACTICES

◇ PISCES – THE LIGHT OF THE WORLD. This is the light revealing the Light of Life itself. It forever ends the darkness of matter. (EA, 330)

*THE WORD OF THE SOUL:* “I leave the Father’s Home and turning back, I save.” (EA, 654)

“The Lords of Will and Sacrifice [*Human Monads*] come down into manifestation, sacrificing their high position and opportunities upon the higher planes of manifestation **in order to redeem matter and raise the lives** by which it is **informed to the status of themselves...** This is the **subjective purpose, underlying the sacrifice of these divine Lives Who are Ourselves Essentially, Who are qualified by knowledge, love and will, and animated by *ceaseless persevering devotion.***” (EA, 116) (italics and capitalizations are added for emphasis and words in brackets are my own).

◇ Let us impress our minds with this sacred knowledge – that **we are** these Lords of Will and Sacrifice, and are qualified by ...

### DAY ONE: DIAMOND SOUL CONTEMPLATION and PRACTICE FOR SOUL IMPRESSION IN THE ENERGY OF PISCES

#### OUR DIVINE ORIGINS and the “SAVING FORCE”

**The Word of the Soul:** “Leaving the father’s Home, turning back, we save”.

◇ Let us “remember” What and Who we truly are.

**Our Divine Origins.** Scriptures of all the great world religions and ancient Wisdom Teachings throughout the Ages have voiced we are Sons and Daughters of God *made in the image of God*. In the language of spiritual science, we are fractals of “the Greater Life in Whom we live and move

and have our being". In the writings of the Master DK, we are reminded that the spark of Mind – Christ Consciousness – is embedded and encoded in each and every atom of substance.

Long ago, we responded to the Call of the Father (Sanat Kumara) to help Him achieve His redemptive Purpose for the life and lives of planet Earth. Descending together in groups, time after time after time – through the space of time, we journeyed far from the Fathers Home into the dark and heavy, weary vales of earthen matter. We came with a mission – to redeem matter, to raise matter to a higher vibration by bringing our light, and now our love and evolving Will, to these dark realms. Throughout our long sojourn, to accomplish this outgoing saving mission we gained experience and knowledge, we satisfied the needs and impulses of the body vehicles – that with the help of the Solar Angels, we built and perfected, life after life after life. There came a time in the journey when we were gripped by the pull of the Soul, and turned (repented) to follow the Way Home, sensing (hearing, seeing, feeling, knowing) the great magnetic *Call Home*.

While we are all following a Path of Return according to a central Ray, there are points along the Way where "leading Ones" among our humanity – more fully unfolded Sons and Daughters of God Who long ago made the turn obeying the (inner) Father's Call, are pioneering modern ways of return for aspiring humanity. Today, One among us – called The Christ in the West – known by various names amongst the peoples of the earth, has **achieved** the greatest progress amongst the "Sons of God" during His sojourn on the Earth. So strong is His Light and all-inclusive His Love, inspiring His Power, that He serves as Savior of the Human Race and now the World Teacher. Many follow in His footsteps, yet know it not. Many there are who know Him, consciously assisting in **preparing the Way**. Let us be counted among *Them*.

Let us see ourselves as saviors, varied in our ranks of Soul unfoldment and achievement, redeeming, lifting and raising the vibratory life of all we touch, at all levels of manifestation including the kingdoms of the Earth (mineral, plant, animal, human and Soul). By our growing Light of understanding, through our expanding inclusive Love, by the "inspiring, in-spiraling" power of Spirit, we join Him and His Great Disciples and Initiates known as "the Great Ones" Who see and know the Way ahead. They respond and serve as a great Redeeming force, a Saving Force, for the helping of the race, healing and supporting weary pilgrims whilst transmuting the dark veils of earth. We work not alone. ♦ *CONTEMPLATE your divine origins*.

#### ♦ *THE SAVING FORCE*

Let us be reminded of Humanity's group name – Who we essentially are: **"Lords of Will and Sacrifice, animated by ceaseless persevering Devotion"**.

As we reflect upon our divine Origins, our consciousness expands. As we remember being created in the image of God, we affirm our-Selves as **"Divine Lives"**.

As we attune, consciously immersed in the energies of Pisces pouring to us from the Solar Logos—Heart of the Sun and “Son of Divine Love”, reflect how far and deep **we have immersed ourselves** in the dark vales of Earth, lives long past and lost in the deep night of time, now responding to the lighted Call, conscious Souls returning to the Father’s Home. ♦ Reflect ~ **Who is calling us Home?** Pause, attuned to this Call, for this Reality to dawn ever deeper upon our heart-mind.

Immersed in the streams of the **Saving** force of Pisces (remembering Madonna Laboris), let us choose to **“act as if we are” saviors of the present-future race of Humanity – standing with the Christ and the living, spiritual Hierarchy – a Whole-archy of Light and Love**, confirming our mission on earth.

“The Secret Doctrine has ever taught that mankind has a special function in saving and regenerating nature. The "saving force"—a circulatory combination of the three major energies [*Light, Love and Spiritual Will*—is radiated by humanity as a group-creative impulse, and this gradually sweeps all forms of life into the field of its magnetic potency, thus relating them (or rather the soul of each kingdom) to the Hierarchy and to Shamballa. This involves a great mystery which is closely tied up ... with the doctrine of Avatars or of World Saviours.” RI, 160

### DIAMOND SOUL PRACTICES

♦ **CONTEMPLATE** – Humanity as a ‘group-creative impulse’, radiating through and sweeping all the Kingdoms – all forms of life ... into the field of MAGNETIC POTENCY, thereby *relating the Soul of each Kingdom to the Hierarchy and to Shamballa*.

♦ The world today needs greater numbers of awakened “divine lives”. As the Soul – the Christ in us opens and unfolds the power of the saving, streaming force of Divine Love flowing through all forms – our Soul and its vehicles become redeemers – saved and saving from the sin (illusion and error) of separation and fear. **World events are staged now calling for humanity to express essential Unity**. We save by realizing our essential Unity and helping others do the same. We extend the “saving force” by developing the consciousness of universal inclusiveness.

♦ As we set our life intention to be in resonance with “What We Truly Are” ~ the “Saving Force” flows through us with greater potency, moving us into a great redeeming *River* whose banks are wide. Purging, healing, making all things new – “true, right and good” – sets conditions for Joy to flower and a freedom hitherto unknown. **This river is a Saving Force**. We enter its strongest current by radiating the Light of Pisces/Virgo, the Light “that forever ends the darkness of matter”.

♦ LET US CONTEMPLATE these thoughts into Being ... so that our lives are a Saving Force.

### LET LIGHT AND LOVE AND POWER RESTORE THE PLAN ON EARTH
