

## TAURUS 7-Day SOLAR FULL MOON RITUAL

### DAY FIVE

#### MEDITATION AND DIAMOND SOUL PRACTICES

In Service of the Christ and the Great Ones for the full Flowering of Humanity

#### REGISTRATION AND DISTRIBUTION

In the days following a Solar Full Moon, we extend in service what was registered and received. The Holy Way of the Buddha and the Christ is carried forward. In Aries Christ anchored the Will in the Matrix of Love, and in Taurus it is strengthened by the intense Light of the Buddha. Distribution of these sacred energies begins with ourselves, our groups, our environment, our world – wherever there is a need to which we are called to serve.

Subtle expansions in consciousness change our sense perceptions, allowing us to 'see' more clearly and wholly – to sense and experience new qualities, strengths and powers of the Soul released as energy through the matrix of Love and our instrument, the personality. More importantly, awareness of “Being” comes closer to being known. Subtle gains are accentuated during this time and the “Mind of Christ” gains power. Let us remember that the true “Mind of Christ” refers to the full triune nature of the God-Self of higher Mind (higher Manas), higher Love (Buddhi) and Holy Will (Atma).

#### A SIMPLE OPENING RITUAL

On this holding day of Wesak energy, let us begin *where we are* – with a breath of Life entering the Soul field, no time – no past – no future ... only Now.

We enter the sacred space of Soul Space. The light of Light warms the heart and lights the mind. Sounding a bell tone, we summon the Angels. Music from the inner worlds flows through our consciousness, opening us to the deeper recesses of the Soul.

OM

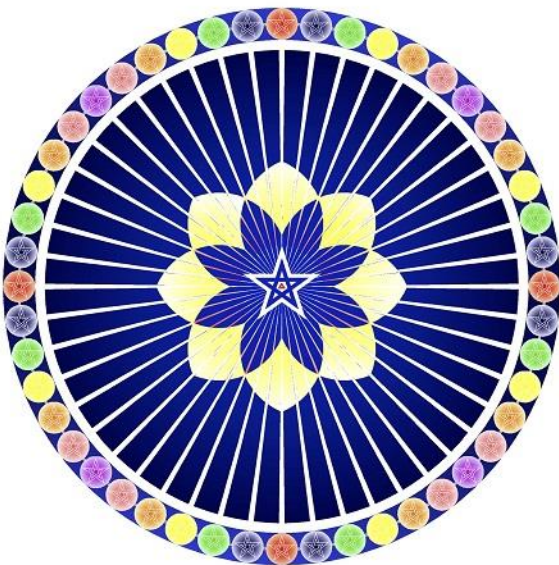

## MEDITATION: Stepping into the Peaceful Presence of the Soul

◇ Remembering “the Breath is the Life pouring through all the centers”, we step into the peaceful presence of the Soul ... and the wider Soul field, sounding a sacred OM. With intensified spiritual aspiration, we reach high into the Light of the Soul, breathing in atoms of higher vibration whilst silently sounding the Sacred WORD, OM ... flowing through the subtle bodies, irradiating the mind, infusing the emotions, suffusing the physical etheric planes ... and environment, near, far and wide.

◇ Remembering “the Breath is the Life pouring through all the centers”, we stand in the Glory and Beauty of the Cosmos as the energy of Taurus pours through “the Heart of the Sun – the Son of Divine Love”... and the Mother of the higher Worlds. We move into *That* space where the **Great Breath is Breathing you – giving of Itself ... life-giving vitality ... luminous Light ... and universal Love pouring to and through the Heart of God and the Christ... to us through the Chalice of the Crown.**

◇ Sounding the sacred **WORD**, OM (silently or aloud), we loosen and discard atoms of lower vibration. ◇ We attune now, and welcome, the Solar Angel and Angel of Taurus governing the 2nd petal of the “Heart in the Head Lotus”. We Pause, consciously deepening our alignment with Them for ‘energy adjustments’ as purer atoms of “light and love and life” from the high planes of the Soul pour through the Crown Center and all the Centers ... returning *Home* whence it came in a great fountain of circulating light. We sound an OM to seal in the new vibrations.

### ~ THE SOUL IS GROUP CONSCIOUS ~

◇ In the field of Taurus, as conscious Souls we move into the prepared loving field of the Soul Star Group. ◇ In one unified solar breath, we extend (‘ray forth’) Soul Light to all herein gathered – One to All and All to One ... creating a *living radiant field* of Lighted Love and unified Soul vibration. OM

As One Soul, we come into resonance with the greater “Group of groups” (the Ashram of the Christ) – in whose Center stands the felt Presence of the Christ. We pause in the auric Presence of this Holy Field ... to absorb the emanations pouring forth from His Being.

◇ Through these inclusive, unifying group alignments, with the inner eye of the Soul, energy lines and waves of light can be seen linking Soul Groups around the Globe – vibrating in resonance with the Greater Group of Groups with which we participate. ◇ Think and name (mentally or spoken) the Soul groups you know and love, affirming the Group Soul now. ◇ We pause now to register (revealed, sensed, or imagined) *the living Presence* of a synthesized energy Field that is “the great Potency of the Inner Groups”. OM

◇ In Pisces, we leave the “Fathers home, and turning back, we save”. In Aries, we “come forth and from the plane of mind we rule”. In Taurus, we venture forth on the “Penetrating Light of The Path” seeking Illumination and Vision that is the Will of God for a new World Civilization creating Heaven on Earth. With these energies coursing through the Soul Star Group, we turn upon our axis to face a world in need, extending the Saving Force powered by the Will-to-Love for the Good of all.

~ **Sound the Great Invocation** ~

◇ Let us be affirmed in the Master’s words of the “**joy of participation in the Masters’ plans**” knowing “**all is well** that associates you closely with Them.” (TWM, 368/9)

## **DAY 5: REGISTERING CONTACT and REFLECTION**

---

*The energy that poured into the Chalice of the Crown further unfolds the “Mind of Christ”.*

As we engage in a reflective review process, brain registration and subtle energy impressions are made conscious. Journaling or speaking with someone who had also participated assists in bringing to mind subtle awareness as the “inner distribution” process continues. *Conscious registration is necessary if we are to anchor what flowed in through the Soul, making it ‘our own’.*

Let us be in ‘ready state’, let us remain watchful, listening and active. In the days that follow the Full Moon, the distribution process will continue making its way through the 3-fold lower vehicle (mental, emotional and physical/etheric bodies), the group field and the world as a whole – bringing “revelation.”

With these thoughts in mind, register the release of new energy. ‘Listen for impression’. As the intuition opens – awareness expands and rises – ideas “fall in” and “break-through”. *God is speaking to us all the time.* Listen with large Buddha Ears (inner hearing). Observe, be alert to the ‘signs’ in your environment, in nature, or to what is ‘speaking to us’ via what comes into our field *front and center*, and to what we are specifically or unusually engaged with.

Let us be cognizant of refinements and expansions in consciousness as the “eye” through which we perceive – SEE as the SOUL SEES in the sign of Taurus. We see more, understand more – wholly and truly with *Soul perception*. We become the very channels of expression to which we aspire. “The heart of the universe is unalterable compassion”.

All ‘signs’ or indications of an expanding consciousness bring new Soul gifts and interpretive powers. Allow them to take hold – to grip, forge, shape and fortify – the Vulcan grip of Taurus is with us as the Esoteric and Hierarchical transmitter. In the Sign of Taurus, Vulcan assists us to move deeper into the “**Penetrating Light of the Path**”. The “at-one-ment” process of Soul and Personality continues through all the Signs, each Sign proffering its gifts and powers.

## REFLECTIONS for Day Five

The Master DK informs us that every full moon period is an opportunity to begin *anew*. The old is easier to leave behind as the “new” eclipses the old. As we invoke, there is a response – the potency of new energy enters the system through invocation and evocation. The initiating and conquering energy of Aries and the penetrating Light of Taurus work together, reinforcing the other, through invocation.

Read through the Diamond Soul questions below in succession and return to those which sound the Bell for deeper penetration.

◇ Consciously re-enter the Full Moon field, and call to mind what was registered or experienced.

Ask, did anything “happen of moment” to bring back to mind”? Ask for awareness. Ask for clarity.

As the New Mind of Christ unfolds (in us), we perceive ‘anew’ – with new perception. Look for the new arising in your thought-life, in your relationships, in everyday living in the days that follow.

◇ Look for what is “initiating through you” (Aries) and what is “illuminating you” (Taurus) – in a new way.

◇ Notice and Observe. Is something ‘old’ perceived anew, seen more comprehensively, more whole?

◇ Is something so old and tiring that you absolutely want finished – wanting it no more in “that” way?

◇ Look for and reflect upon what is being reinforced. ◇ Look for and observe what is gaining strength.

◇ Look for new significance and meaning unfolding in your life or in the world – seeing whole.

◇ Is Beauty taking fuller hold?

◇ Find ways to link your insights from these reflections into fluid dynamic statements. ◇ What new story is emerging for you now, or continuing? What Soul story or Soul frame would lift, inspire or sustain you in the Christ vibration? Clothing images with clear thinking gives them shape and form, making them come alive in your daily life and service.

Be cognizant today (and in the days that follow) of all that comes into your field of awareness. New energy has information. Discover its meaning – ask it to “speak” to you through the Soul Who Knows Sees, is in contact and relationship with All.

◇ Is there something you are more committed to now than before? As the Soul expresses, it takes control of the personality in fuller and more beautified ways.

## REFLECTIVE REVIEW of DAYS 1 – 3

Aside from impressions that may have come during the full moon moment, this is a time to mentally revisit the **themes** from the first three days:

DAY 1: Your major **“Life Incentive”**.

Make note of **impelling “personality desires” loosening their grip**. Notice an increasing strength driving you upon the Path of Return by the Soul urge of Aspiration upon the path, which is not personality desire. Notice an increasing Will to Cooperate with the Plan driving you forward.

DAY 2: **Keynote: “When Thine Eye is Single all is Illumined”**. Word of the Soul: **“I See, and when the eye is opened, all is illumined”**.

When used as a mantra, we are calling for the Truth from the Light of the Soul.

*The Christ said, “If thine eye be single, thy whole body shall be full of light.” (TWM, 558)* When used as a mantra during meditation (or a Mala practice), it leads to *experience*.

Have you *experienced or seen – looked through* the “single opening Eye” of the Soul? Recognize this as intuitive understanding, (**Soul**) insights dropping into awareness, whole-sight perception and the Whole embracing its parts.

DAY 3: **The Ceremony of Wesak** – A living experience recounted by Alice Bailey. “There is an Eye which can be developed and used, and which will enable its possessor to see God”.

DAY 4: Full Moon Day. Is the “fact of God” and “will of God” any more real to you in the Presence of the Buddha and the Christ? Is the Spiritual Hierarchy nearer, and more real to you now after the Full Moon Ritual and Wesak Ceremony?

Look to what is deepening and coming more fully to Light as a result of your Soul Disciplines and Contemplations?

Δ

As the 24 hour “guarding and holding” period of Full Moon Day comes to an end, we move fully toward “distribution” – extending in blessing what we have contacted, received and intuited for new modes of living and being in the world ... and for Humanity and the Earth Herself.

In the days that follow, let us continue to *extend the flowering of “the Will of God in the Matrix of Love” as we follow the Way of the Christ and the Buddha – West and East meeting and blending*.
